AS TO ADVERTISING.

If the man who says: "I can't afford to advertise" will look over the list of big concerns that were LITTLE concerns before they started to advertise, he will be more likely to say: "I can't afford NOT to advertise!"

VOL. XCII—NO. 26. WILMINGTON, N. C., TUESDAY MORNING, APRIL 22, 1913. WHOLE NUMBER 13,304.

THE TARIFF BILL IS BEFORE HOUSE

Referred to Committee and Will be Reported Favorably Today

ITS COURSE IN SENATE

Will be Some Hearings on Several Schedules—Probable Attitude of Republicans—Referendum Vote Suggested.

Washington, April 21.—Democratic forces in charge of tariff revision in the Senate slightly yielded today to the demands for hearings upon tariff schedules. In addition to the permission given all interested parties to file statements with the Finance Committee, Senator Simmons today conceded to a group of Western Senators the right to appear and state their arguments against the free wool and free sugar provisions that have been agreed to by the Democrats of the House.

A full meeting of the Senate Finance Committee is to be held tomorrow. Republican Senators will then renew their demand that general open hearings be given. The attitude of the majority of the Democratic members of the committee is against this, however. They claim that such a course would delay tariff revision; and that no arguments would be brought forth that have not already appeared in the hearings before the House Committee or in the briefs filed with the Senate committee.

The Underwood tariff bill, as finally approved and revised by the caucus of House Democrats was re-introduced in the House today by Representative Underwood and referred back to the Ways and Means Committee. Tomorrow it will re-appear with a favorable report from the Democrats on the committee and with a dissenting report from the Republican members criticising its rates and the method of revision followed by the Democrats.

The Senate Democratic leaders have given up hope of having the bill brought into the Senate in the form of separate schedules. It has been determined that the measure will be considered as a whole bill in the Senate, as it will be in the House. The hearings to be granted to the Senators from Rocky Mountain and Pacific coast States upon the wool and sugar issues, is expected to develop the full strength of the opposition to the bill and to give the Finance Committee definite information as to whether it will be necessary to restore any of the duty on either of these schedules.

According to information tonight the Louisiana, Kansas and Nebraska anti-free sugar forces have not been included in the invitation given for the Finance Committee hearing.

Some of the Western Senators will present their arguments against free sugar and free wool Wednesday. They have not indicated how much time they expect to occupy. The bill will be expedited through the House by limitation of debate. The Republicans are figuring on a number of amendments to be proposed in addition to the proposed substitutes for the Underwood wool and cotton schedules. Representative Payne, of New York, as ranking minority member of the committee, today introduced his bill of 1911 to create a tariff board, changed so as to provide for a tariff commission of five members to be appointed by the President by and with advice and consent of the Senate and clothed with authority to negotiate trade agreements with foreign nations. Representative Goode, of Iowa, also introduced a bill to create a tariff commission with broad powers of investigation and report.

Representative Hinebaugh, of Illinois, a Progressive, introduced a bill declaring that inasmuch as the two minority bodies outnumbered the Democratic body in popular vote, the tariff bill should be left to a referendum vote of the people of the United States.

Republicans in Action

Washington, April 21.—After a lively fight, House Republicans in open caucus tonight voted in favor of an aggressive constructive tariff campaign during the consideration of the Democratic tariff bill. By a vote of 62 to 27 the caucus rejected a resolution presented by Representative Moore, of Pennsylvania, to prevent the Republicans from offering as party measures any amendment to the Underwood bill.

Representative Payne, of New York, author of the present tariff law, led the fight against the Moore resolution and urged the adoption of a substitute for the wool schedule of the Underwood bill which he had presented to the Republicans of the Ways and Means Committee. This substitute bill, fixing the rate on pure wool at 18 cents a pound and arranging the duties on the various stages of manufactured wool at relative compensatory rates, was adopted by the caucus.

The discussion was spirited and Representative Payne made a vigorous speech in support of his bill. He was interrupted frequently by Representative Fordney and the two veterans shook their fists at each other over half a dozen rows of seats as Mr. Fordney declared the bill offered by Mr. Payne offered the manufacturers less protection than the Underwood bill.

Representative Lenroot, of Wisconsin, made a plea for the Payne bill declaring the Progressive Republicans "had come more than half way" in their agreement to support it and he believed the Republicans should unite on the measure. He pointed out that the rules committee in preparing the rule under which the Underwood bill will be considered, had tacitly agreed to allow the Progressives as well as the Republicans an opportunity to offer a substitute for the Underwood bill. Representative Gardner reported that the Republicans of the Ways and Means Committee were not ready to submit a cotton bill and the caucus adjourned until Thursday night.

BIG FIRE AT GEORGETOWN, S. C.

Library of Congress

Atlantic Coast Lumber Corporation's Mammoth Plant Destroyed There Yesterday Morning—Rebuild.

(Special Star Telegram.)

Georgetown, S. C., April 21.—Practically one-half of the Atlantic Coast Lumber Corporation's two million dollar plant at this place was destroyed by fire this morning. It is stated on authority that the loss is fully covered by insurance.

The exact figures of the damage and the insurance are not available, but in round sum the amount of each will approximate a million, with possibly a little shading by the adjusters when salvage and reclamation are taken into account.

Mills No. 2 and 3 of the plant are a total loss. No. 3 was in capacity the largest lumber mill under one roof in the world. The plant as a whole was the largest of its kind in the world.

Mills No. 1 and 4 were saved from the flames, as were also the planing mills and the two great steamship docks. Besides the two mills lumber on the yards amounting to ten million feet was burned. One and a half million feet of lumber in the dry kilns was burned.

The electric plant operating trolley cars and planing mill was burned, putting the yards' transfer system and the planing mill out of commission temporarily. Reconstruction will be begun as soon as the insurance adjustments have been effected.

It is the purpose of the managers to build bigger and better than before. The mills untouched will go on three-shift time, making 24 hours a day in order to keep the working force together and fill contracts.

Eleven hundred men are on the payrolls in the mills, railroads and logging camps, and on vessels of various kinds. Four steamships and several schooners are regularly employed in carrying the cut lumber to Northern points.

Clearing away the debris was commenced around the edges of the cooling mass this afternoon. Rebuilding activities will start in the course of a week or two. Six months or more will be required to replace the mills destroyed, as new machinery will be installed throughout.

There remains on the yards and docks some fifteen million feet of lumber ready for shipment. There will be no delay in loading steamers and schooners under present charter. The fire originated in Mill No. 2 from unknown causes.

The Dupont Powder Co's. wood alcohol plant in the mill yard was uninjured.

Another Account

Georgetown, S. C., April 21.—Fire of an unknown origin today partially destroyed the plant of the Atlantic Coast Lumber Corporation here and for a time threatened the wood alcohol plant of the Dupont Powder Company. The damage is estimated at half a million dollars, covered by insurance.

Eleven million feet of lumber, two of the corporation's four mills and the electric plant were consumed before the flames were gotten under control. The fire started in mill No. 2 and fanned by a heavy wind spread rapidly. The Dupont wood alcohol plant was saved after a long struggle with the flames. The 1,100 employes of the lumber corporation, who assisted in fighting the flames, will be retained on part time, it was announced, while the mills are being rebuilt. No loss of life was reported.

GOV. MANN OPERATED UPON

Virginia's Chief Executive Rallies Well and Will Recover

Richmond, Va., April 21.—Governor William Hodges Mann was today operated on for appendicitis at a Richmond hospital and in spite of his 69 years he rallied like a much younger man. His strong constitution and temperate life have told in his favor. The physicians say tonight that his condition is entirely satisfactory and this is verified by others who know the situation.

The Governor has been suffering from appendicitis since Monday night when he attended a dinner. He recovered from the initial attack and the physicians came to the conclusion that an operation would be unnecessary. But a recurrence this morning resulted in a determination to operate at once. The executive was conveyed in a huge basket from the executive mansion to a hospital near by where gas and oxygen were administered.

Eight doctors surrounded him while the operation was going on. It was performed rapidly, no complications appearing, although the appendix was found to be much inflamed. Recovery from the anesthetic was immediate and the Governor slept the greater part of the day. He suffers a good deal, but his pulse is nearly normal tonight and there is not a single disquieting symptom.

His age makes the outcome doubtful and physicians say that two or three days must elapse before anything definite can be determined.

Washington, April 21.—Senator La-Follette introduced a resolution today to require Congress to submit an amendment to the constitution whenever the Legislatures or a majority of the people of ten States should demand one. Amendments proposed would be ratified by the majority of the voters in each State, instead of by the State Legislatures as at present.

Washington, April 21.—A court martial has recommended the reinstatement at West Point of John D. Christian, of Virginia; T. M. Simpkins, of Georgia; E. H. Freeland, of Florida, and R. I. Sasse, of Delaware, dismissed October 6th, 1911, for having intoxicating liquors in their possession.

A SERIOUS BREAK IN LOWER LEVEE

Parts of Fonr Mississippi Counties Will be Flooded Through Crevasse

SEVERAL TOWNS INUNDATED

Half Million Dollars' Loss in Valley—Government Begins Relief Work—No Loss of Life So Far Is Reported

Vicksburg, Miss., April 21.—The first serious break in the main levee of the lower Mississippi river occurred this afternoon when the Woodlawn levee just north of Mayersville, Miss., went out. Within a few minutes, the crevasse was 200 feet wide and during the afternoon the space through which the flood waters are pouring increased considerably.

Parts of four Mississippi counties will be flooded and the property damage which will result is estimated at more than half a million dollars. The towns of Mayersville, Rolling Fork, Grace, Blanton, Cary, Smedes, Valley Park, Kelso, Floweree and Potosi will be inundated.

Immediately upon information of the break Captain W. B. Baker, United States Army, who was stationed here, sent out the steamer Nakomis, which in charge of Lieutenant Blaine, will operate both in rescue and relief work from Mayersville, or near the break and the gasoline boat Kate was chartered to go up Steel and Bayou to offer relief and do rescue work.

Memphis, Tenn., April 21.—River and levee conditions north of Greenville, Miss., were practically unchanged today. Helena, Ark., reported the river stationary tonight at a height of 55 1-5, yesterday's breaks in the embankments near Leconia, Ark., and Wards Lake, Miss.

At Memphis the river fell three-tenths of a foot today. North of this city the Mississippi continues to fall at all points south of St. Louis.

TO ABROGATE TREATIES?

New Proposal in Senate Resolution Introduced Yesterday—Canal Tolls

Washington, April 21.—A demand for abrogation of two treaties with Great Britain bearing upon Isthmian Canal rights, presented to the Senate today in a resolution by Senator Chamberlain, brought a new element into the canal controversy now in progress between this country and Great Britain over the right of the United States to exempt American coastwise ships from the payment of tolls.

Senator O'Gorman, chairman of the Oceanic Canals Committee, which must handle canal legislation in the Senate, tonight endorsed the principle embodied in the Chamberlain resolution. Earlier in the day State Department officials had expressed ignorance of Senator Chamberlain's plan to introduce the resolution.

The Chamberlain resolution would require the President to proceed at once to terminate the Hay-Pauncefote treaty of 1901, and the Clayton-Bulwer treaty of 1852, which it superceded. In a statement Senator Chamberlain said the treaty and record would show that the United States never planned to give Great Britain such treaty rights as would justify the protests that the country has made.

Senator O'Gorman said:

"Senator Chamberlain's resolution is a more concrete statement of the position I took in the last session, that if the Hay-Pauncefote treaty justifies Great Britain in making the protest now before our government then it would be well if means could be found to abrogate the treaty.

"The new angle to the situation caused much discussion in Senate circles during the day and brought out many endorsements of the proposal. Senator O'Gorman declared at the close of today's session that he believed the resolution would pass by a large majority if it came to a vote.

A meeting of the Inter-Oceanic Canals Committee had been called for tomorrow but it was postponed until next Tuesday.

Senator Root's bill for a repeal of the free tolls provision is now before the committee. It was apparent today that much of the support that was mustered in the last session to prevent the change of free toll provision will now be brought to the support of the plan to abrogate treaties that may be interpreted as giving Great Britain any ground for protest.

JAMES I. JOHNSON LEADS.

Raleigh's New Mayor Under Commission Form—Other Nominations.

(Special Star Telegram.)

Raleigh, N. C., April 21.—Raleigh's primary today for candidates for commissioners in the commission to be inaugurated May 1st resulted in a sweeping victory for Mayor James I. Johnson, who received 991 votes for Mayor, more than all three opponents combined. They were Franklin McNeill, 812; W. J. Batchelor, 56, and Fred Forsythe 41. It is likely that McNeill will withdraw from the May election, leaving Johnson without opposition. Under the law the two highest in the primary are the candidates in the election.

For Commissioner of Public Safety, O. G. King, present police commissioner, led with 638 votes; Willard L. Dowell, second with 592; R. T. Gowan, 219; J. F. Ferrell, 222; George B. Fleming 28; Frank Stronach 25. King and Dowell go into the general election with indications that Dowell will control most of the votes cast in the primary for the weaker candidates. For Commissioner of Public Works, Jno. T. Jones, now city tax collector, and Richard B. Seawell, led with 619. New city surveyor, J. R. Bissett 479; Ed Hugh Lee, 251; T. W. Fanner 89. For police justice, W. C. Harris defeated his only opponent, Alexander Stronach, the vote being 1,273 to 332.

POSTOFFICES IN DISTRICT

Every Fourth-Class Office to be Filled by Democrat—Work on Wilmington's New Custom House to Begin Soon.

Wilmington Star Bureau,
23 Wyatt Building.

Washington, D. C., April 21.—After several conferences with Postmaster General Burleson, Representative Godwin said tonight that he did not have the slightest doubt that every fourth-class postoffice in the country would be filled by Democrats when the Post-office Department finally goes through with the re-arrangement of the Postal service.

Mr. Godwin said that Postmaster General Burleson told him that while some kind of an examination would be held for fourth-class postmasters, that the elimination would be so easy that no man who could read and write would fail to pass the examination.

"I am in favor of filling every fourth-class postoffice in the United States with Democrats," said Mr. Godwin. "If filling these offices with Democrats will place me in the class of the 'spoils man' then I am a 'spoils man' of the rankest sort."

Mr. Godwin said if the Postmaster General had left the slightest doubt in mind about ousting the Republican fourth-class postmasters he would not have given out the above interview. "I never was more confident of anything than I am that these Republicans will be ousted when the final test comes," said Mr. Godwin. Mr. Godwin said he was opposed to the plan of holding any kind of examinations for the fourth-class offices, but after going over the proposed plan with Mr. Burleson he was perfectly satisfied that the offices would be filled by Democrats, regardless of the examination.

Mr. Godwin called at the Treasury Department today and secured the promise of the supervising architect that work would be started on the Wilmington Customs House within 90 days. Mr. Godwin had the Wilmington project advanced to the class of 30 largest building projects which the department believes will make it possible to start work on the Wilmington building some time during July at the latest.

Mrs. W. W. Hutt, of Raleigh; Mrs. E. V. Ervin, Mrs. J. A. Yarborough, Miss Laura Reiley and Mrs. Eugene Reiley, of Charlotte; Henry A. Gilliam, of Tarboro, and J. W. Foard, of Murphy, are here.

EXCESS BAGGAGE

Recent Increase of Rates Resisted Before Inter-State Commission

Washington, April 21.—Every railroad line in the country was a defendant in the hearing today before the Inter-State Commerce Commission in a proceeding instituted by the National Baggage Company, attacking as illegal and unjust the excess baggage rates exacted by the carriers. To an extent likewise, every traveler, who may carry baggage in excess of 150 pounds is a party in interest.

Four years ago the railroads increased their charge for excess weight of baggage from 12 1-2 per cent of the first-class passenger fare to 16 1-2 per cent. Commercial travelers particularly contended that the rate was unwarranted and unreasonable. Testimony was introduced today to show that commercial travelers in England were permitted to carry 336 pounds of baggage on a first-class ticket and in Canada 300 pounds.

The complainant committee urged the Commission to restore the former rate of 12 1-2 per cent of first-class fare on excess baggage, with a minimum of 25 cents.

UPTON SINCLAIR MARRIES.

His Bride Daughter of Distinguished Mississippi Judge.

Fredericksburg, Va., April 21.—Upton Sinclair, the writer, and Miss Mary Craig Kimbrough, daughter of Judge and Mrs. A. McC. Kimbrough, of Greenwood, Miss., were married here tonight at the home of Mrs. John Thurman, a relative of both bride and groom. The bride came to Fredericksburg to meet Mr. Sinclair accompanied by her aunt, Mrs. W. S. Green, of California. The couple left for New York. They expect to make their home in Holland.

OUTLINES

Mayor James I. Johnson led all other candidates in the primary in the Raleigh city election yesterday.

Half of the two million dollar plant of the Atlantic Coast Lumber Corporation at Georgetown, S. C., was destroyed by fire yesterday; it will be rebuilt.

The Union and Southern Pacific have been practically granted time for the dissolution, a tentative plan for which has been submitted to the courts.

Four Mississippi counties will be flooded and half a million dollars damage will result from a serious break in the main levee near Vicksburg yesterday; so far as known there was no loss of life.

News of the determination of California to pass an anti-alien law directly discriminating against the Japanese was received with much concern at Washington; in Japan the feeling is more quiet.

The North Carolina commission to recommend constitutional amendments to the extra session of the Legislature organized in Raleigh yesterday by electing Hon. A. M. Scales president; it meets again today to get down to work.

The Democratic tariff bill was reported to the House yesterday and referred to the Ways and Means Committee from which it will receive a favorable report today and debate will begin; the Senate will give some hearings on the various schedules.

New York markets: Money on call steady, 2 3-4 to 3 per cent, ruling rate 2 3-4, closing bid, offered at 2 3-4; spot cotton closed quiet, middling uplands 12.15; flour firm; wheat firm No. 2 red 1.14 1-2 and 1.16; corn firm; rosin nominal ,turpentine steady.

THE COMMISSION MEETS IN RALEIGH

Hon. A. M. Scales President of Body to Amend State Constitution

THE ORGANIZATION YESTERDAY

Governor Invited to Address Them—No More Important Work in This Generation, He Says. Rules Committee.

(Special Star Telegram.)

Raleigh, N. C., April 21.—The Legislative Commission appointed by the recent Legislature to make recommendations to the extra session as to amendments to the State Constitution, met at noon today for organization, which was accomplished by the election of Hon. A. M. Scales as president, and Joseph B. Cheshire, Jr., of Raleigh, as clerk.

In calling the commission to order, Governor Craig declared that in his opinion no body of men could have been selected from all the State who would discharge with more ability, honesty and patriotism the duties devolving on the commission than they, and, that no more important work will come to the generation in North Carolina than that entrusted to this commission.

The nomination of Hon. A. M. Scales as president of the commission was by E. J. Justice, seconded by Senator Ward. His election was by acclamation.

In accepting the chairmanship, Mr. Scales paid tribute to the progress that the people of the State are making in industry and commerce and in the matter of having high ideals of morals, and government. He expressed the hope that Governor Craig would keep in close touch with the work of the commission and feel free to make any recommendations at any time. Later, a motion made by Representative Haymore, was adopted, that Governor Craig be invited to present his views to the commission in an address to be delivered in person at some future session. Governor Craig expressed his appreciation for this invitation and assured the commission that he will avail himself of the opportunity at an early date.

On motion of Representative Justice a committee on rules was appointed to report later in the day.

President Scales named as the Committee on Rules, Representative Page, of Moore; Representative P. A. Doughton, of Alleghany; Representative W. A. Devin, of Granville; Hon. E. L. Daughtridge, of Rocky Mount; Hon. D. Y. Cooper, of Henderson. Every member of the commission was present for the organization.

Afternoon Session.

At the afternoon session of the Commission, the Committee on Rules reported a lengthy code of rules such as those that govern deliberative bodies generally. It provides for 15 standing committees, one on each of articles of State constitution, and for special committees as occasion may arise for appointing them. The rules prescribe that only members of Commission, officials of executive and judicial departments of State, State Senators and Representatives and members of the press be allowed within the bar during the session of the Commission.

Mr. Williams, of Buncombe, appealed for specialization in committees, with only four or five of 15 recommended by the Commission, arguing that to divide the Commission up in too great numbers the committees would seriously hinder progress and quality of the work. H. Q. Alexander, E. J. Justice and J. N. Rouse supported this view and J. W. Bailey offered a substitute for the proposed 15 committees providing seven instead, these to be on executive department; judicial department; legislative department; finance and taxation; education; suffrage and elections; and a committee on the whole scope of constitutional matters not included in the preceding subjects. After considerable discussion this substitute was defeated ten to nine. Then there was a vote on a substitute by Senator Grant that there be four committees instead of 15 with others on special subjects as required, but this was lost, not one voting for it except Grant. It was after this vote that the report of the rules committee as a whole, including the 15 committees was adopted, a rule proposed by Justice for a committee of five on invitations to address the commission was defeated. The commission then completed organization by the election of Senator A. T. Grant, of Davie, Republican, as vice president, and fixing the pay of the clerk at $4 per day.

E. J. Justice gave notice of a rule he will offer tomorrow allowing chairman of committees to call committees together on five days' notice. This was opposed by Senator Ward, who insisted that the committee work should be done while the Commission was in Raleigh for deliberations. He was opposed to having committees called to meet in one and another part of the State as the convenience or whims of a chairman might dictate, the State to be put to the expense of the per diem and expenses of these committeemen, too. The issue promises a contest tomorrow.

The Commission took a recess at 5 o'clock to 10 o'clock Tuesday morning when it is expected that President Scales will have his committee appointments ready.

Washington, April 21.—A special waterway commission of seven members to plan for prevention of floods was proposed in Congress today by Senator Sterling. The committee would be directed to study all the navigable rivers.

EXTENSION OF TIME GIVEN

Motion in Behalf of Union and Southern Pacific With Tentative Plans for Dissolution Being Considered by Court

St. Paul, Minn., April 21.—Presentation of a motion for an extension of time until July 1st, which was taken under advisement by the court and informal presentation of the revised plan for the dissolution of the Union Pacific and Southern Pacific Railway merger, marked the conference here today between Robert S. Lovett, of the Union Pacific, and United States Circuit Court judges, Walter H. Sanborn, William C. Hook and Walter I. Smith.

Mr. Lovett's motion for an extension was at first denied, the judges being undecided whether the Court of Appeals had the jurisdiction to grant an extension under the mandate of the Supreme Court of the United States, but later it was decided to leave the question of jurisdiction to the Supreme Court.

All three of the judges expressed their opinion that the extension should be granted, believing the railway was doing all in its power to present a plan of dissolution that would be acceptable to the Supreme Court and to the Attorney General.

In a telegram to District Attorney C. C. Houpt, which was read to the court, Attorney General McReynolds declared his willingness for the desired extension.

Upon information from the Supreme Court as to the jurisdiction of the Circuit judges, the Court of Appeals may reconvene to act on Mr. Lovett's motion. It may be some time, however, before this is done.

Mr. Lovett and his associates left late today for Washington to place the time extension motion before the Supreme Court. Following his presentation of the motion, Mr. Lovett informally presented to the court tentative plans for the dissolution. A synopsis of these plans was given out by the judges, the principal points being as follows:

"The amended plan that the entire $126,650,000 in Southern Pacific stock to be distributed shall be deposited with a trustee and disfranchised while so held; that certificates of interest shall be issued by the trustee against such shares which shall carry no voting right and which shall be exchangeable for Southern Pacific shares held by the trustee, only upon the filing of an affidavit by the applicant for such exchange, showing that such applicant does not own 1,000 shares or more of Union Pacific stock; and that these certificates of interest shall be offered for subscription and purchase to all Union Pacific stockholders ratably at a distribution ratio not less than 38 per cent.

"The largest Union Pacific stockholders (38 in number, according to the September stock list which was before the Supreme Court), practically are by this amended plan entirely excluded from the acquisition of any of the Southern Pacific shares which are to be distributed," says the statement.

The objection expressed in the Supreme Court's opinion of January 6th, 1913, therefore, is absolutely avoided, for the 368 Union Pacific stockholders to whom alone the objection pertained, instead of being entitled as their pro rata, shares to 29 per cent of Southern Pacific stock and being theoretically able to increase this holding by acquisition of rights from the smaller shareholders, are not entitled to acquire one single share of Southern Pacific stock to be distributed but are specifically disqualified from such acquisition."

The plan also provides for the sale to a syndicate or on the New York Stock Exchange of any certificates of interest not subscribed for by the Union Pacific shareholders. The certificates of interest, however, will still be subject to the conditions they cannot be changed into stock by any Union Pacific shareholder holding one thousand shares or more.

STATE RATE CASES

Department of Justice Files Brief as "Friend of Court"

Washington, April 21.—An unexpected development in the State rate cases, which have been pending before the Supreme Court for more than a year, occurred today when the Department of Justice obtained the permission of the court to file a brief as a "friend of the court."

The contention of the government in the brief was that the Inter-State Commerce Commission is supreme over State rate-making bodies, and may annul State regulations in the disguise of State rates, when inter-State commerce is affected substantially thereby.

The brief was a copy of one filed by the government recently in the Shreveport case in the Commerce Court. In it the government upheld the right of the Inter-State Commerce Commission to require the railroads to reduce inter-State State rates from Louisana to Texas points or increase rates in Texas. The commission had held that the action of the Texas authorities in requiring low rates on State shipments so as to "protect home industries" was a discrimination against inter-State commerce.

SUNDRY CIVIL BILL.

Measure as Vetoed by Taft Re-introduced in Congress Yesterday.

Washington, April 21.—The Sundry Civil Appropriation bill in the identical form in which it was vetoed by President Taft in the closing hours of the last Congress, was considered in the House today and its reading completed, but action on it was deferred until tomorrow. The measure was taken up under a special rule to expedite it through the House. It carries $116,000,000 for various expenses of the government during the next fiscal year.

Mr. Taft vetoed the bill because of a provision that no part of $300,000 appropriated for anti-trust prosecutions should be used in cases against organizations of farmers or laborers. In re-introducing the measure with this provision included, the appropriations committee is known to be acting with the approval of President Wilson.

SITUATION ACUTE WITH JAPANESE

California Determined to Proceed With Anti-Alien Land Legislation

WASHINGTON IS DISAPPOINTED

Courts Will Finally Have to Pass Upon Law That Will be Enacted—More Conservatism Manifested at Tokio—Terms

Washington, April 21.—News of the determination of the legislative leaders in Sacramento to frame and pass an alien land-owning bill, directly discriminating against the Japanese, unofficially conveyed today to the White House and State Department was received with grave concern and disappointment.

Such a development had not been expected in view of the first favorable comments in California upon the President's suggestion of the regard he had for preservation of the friendly relations between this country and the Oriental nations. Without exact knowledge of the form discrimination will take in the new bill, officials here assume that it will resemble the so-called assembly measure which proposed to bar from land-holding persons ineligible to citizenship which covers only the Chinese and Japanese.

The administration is not yet at the end of its resources and will continue its efforts to ameliorate harsh features of the projected legislation until the measure is beyond reach of amendment in that direction.

While the President has in his message to Governor Johnson trasmitted through Secretary Bryan recognized the right of the people of California to legislate according to their agreement on subject of land tenure he is also under the obligation of guarding against encroachment by State legislation upon that part of the field of international relations reserved by the constitution to the National government. Therefore, in event the California legislation takes the form of direct discrimination against the Japanese in violatin of what the administration itself regards as their treaty rights the National government itself might enter the lists against the State of California, before the Judicial tribunals of the land.

It does not follow that the United States government would take the initiative in the judicial proceedings intended to test the legality of the State's action. In the ordinary course the initial step would be taken by Japanese individuals or corporations in California, whose lands are sought to be escheated. But it is fully expected that the Department of Justice would come forward as an intervener, throwing the weight of the United States government into the scale in defense of the treaty rights of the Japanese. If the State courts should uphold such a statute, the case would be appealed to the United States Circuit Court and almost certainly, by one party or the other taken to the United States Supreme Court which tribunal has never yet passed upon the Japanese claims of the right of naturalization in the United States.

An important development in the situation is the announced purpose of the opponents of anti-Japanese legislation to challenge the correctness of the figures and the statements relative to the extent of the so-called Japanese invasion of California, telegraphed to Washington from Sacramento, by the legislative leaders, in answer to Representative Raker's request. For some time past quiet search has been made of the records of the United States immigration bureau and of the California tax offices and other places where data might be found bearing upon the precise number of Japanese landlords in California and the extent of their holdings and these figures soon will be laid before the State Department.

Californians Determined

Sacramenta, Cal., April 21.—It was said today by administration leaders in the Legislature that a definite agreement to enact an anti-alien law directed solely against the Japanese and exempting all foreigners "eligible to citizenship in the United States" had been reached and would be carried out this week. It is understood that this course has the approval of Governor Johnson and that he will sign the bill immediately upon its passage, whether such a law would be constitutional will remain in doubt until it is tested in the Federal courts, but it is the settled policy of the majority party in the Legislature to regard the State as having full rights in the matter until determined otherwise by judicial decision.

Japanese More Conservative

Tokio, April 21.—The chagrin disappointment and wounded pride of Japan which last week were vented in angry militant talk by irresponsible people have become somewhat modified. The entire Japanese nation now awaits with intense and evident anxiety, the outcome of the deliberations in reference to the California alien land-holding bill proceeding at Sacramento.

Governmental and commercial forces of Japan are using their utmost exertions in endeavoring to restrain the unthinking agitators. They point out that the real influences in Japan rely confidently upon the highest thought and the highest influences in the United States. At the same time they assert that there is not a single responsible person in either country who even dreams of war.

It is becoming increasingly evident that the agitation in Japan is largely inspired by a small political groupe seeking to embarrass the Japanese government and putting forward the American land question to rouse Na-

SENATORS WON; SOX LOST

Washington Won Fourth Consecutive Game from Yankees—Joe Wood Fails for Boston—Naps and Tigers Won

Rely upon the testimony of the thousands who witnessed the fourth consecutive Armageddoning staged at the New York Highlander's park yesterday afternoon, that those Senators are destined to be the jinx of the other A. L. trailers during the season now on.

Fighting Frank Phoenix Chance and his wage-earners have plainly been wrought up to the pitch that they lose several pounds of flesh every time one of those Climbers clout the ball. Neither the Senators nor the Highlanders are expecting any relief from a change of atmosphere today, as the Griffmen meet the world champion Red Sox at home and the Highlanders go to Philadelphia for a series with the Athletics.

Joe Wood failed to make good yesterday for the Bostonians and was replaced by Bedient in the third inning, but the Athletics won by the grace of one John Franklin Baker, who played his usual role of rescuer of the perishing, bringing in the runners which won the game for Philadelphia.

The Detroit Tigers won again from Chicago, in a pitcher's battle between Russel and Klawitter, with the honors slightly against the latter—whoever he is.

The Cleveland Naps won the second game of the series from St. Louis Sunday afternoon and the third game yesterday. Indications point to the prediction that they will win the final game of the series today. The Naps scored six runs in the first inning, plenty to have won, but put across two others during the remainder of the game. A young man by the name of R. Mitchell occupied the box for St. Louis, and spent most of the afternoon either hitting the Cleveland batsmen or letting them hit him. Altogether, his time was well occupied up to the seventh inning when he was replaced by someone else.

Senators Still Climbing

New York, April 21.—Washington made it four straight over New York by winning the last game of the series today by a score of 8 to 4. Shanks started Washington off to a three-run lead in the second with a home run, driving in two men ahead of him. New York forged into the lead in the fifth on hits and errors but Washington in the seventh came up with two runs and clinched the game. The hard luck of New York continued today when Catcher Sweeney suffered a split finger.

Washington .. ..030 003 200—8 9 2
New York .. ..001 030 000—4 3 5

Engel, Hughes and Ainsmith; Ford, Fisher and Sweeney and Williams. Time 2:04. Umpires, Hart and Dineen.

"H. R." Baker Breaks In

Philadelphia, April 21.—Errors by Wagner and Yerkes in the 7th inning proved the turning point of today's game, which Philadelphia won from Boston 6 to 4. They were preceded by a single by Murphy and filled the bases. Baker and Daly then each drove in a pair of runners with singles. Houck was wild, giving nine bobs, hitting a batsman and making a wild pitch. Wood became wild in the second inning and gave way to Bedient in the third.

Boston .. ..030 000 001—4 7 5
Philadelphia .. .010 010 40x—6 8 2

Wood, Bedient, Foster and Nunemaker; Houck, Plank and Lapp. Time 2:20. Umpires, Connolly and McGreevy.

Tigers Win Again

Chicago, April 21.—Chicago was defeated today by Detroit 3 to 2. The game was a pitcher's battle between Russell and Klawitter, with the honors slightly in favor of the former. In the second inning Bodie, of Chicago hit the ball to the score board in center field but in rounding first base stumbled and fell. He regained his feet and fell again and rolled down to second base where he was held, the ball having been relayed in the infield.

Detroit .. ..010 001 001—3 6 1
Chicago .. ..001 010 00—2 6 2

Klawitter and Stanage; Russell and Schalk. Time 1:55. Umpires, Ferguson and O'Loughlin.

Cleveland Naps Won

Cleveland, April 21.—Driving R. Mitchell out of the box Cleveland scored six runs in the first inning on seven hits including two triples and two doubles and defeated St. Louis 8 to 3 today. Stone, who replaced R. Mitchell, also was hit hard but managed to keep the hits scattered. W. Mitchell, Cleveland's southpaw, was very wild, giving eight bobs.

Cleveland .. ...611 000 00x—8 15 2
St. Louis .. .. ..200 001 000—3 6 4

W. Mitchell and Carisch; Stone, R. Mitchell, Adams and Alexander. Time 2:13. Umpires, Evans and Hildebrand.

WEST VIRGINIA WINS

Western Intercollegiate Rifle Team Championship—Meets Harvard

Washington, April 21.—The West Virginia State University rifle team by scoring 980 points in its contest with the State University of Iowa, won the Western Intercollegiate League championship and broke the intercollegiate indoor rifle-shooting record of 973. The Iowa team, last year's champions, scored 962.

As a result of this victory the West Virginia team will now meet Harvard University, winners of the Eastern League championship to determine the intercollegiate indoor rifle-shooting championship of the United States for 1913.

Recommended for a Good Reason.

Because they cured him of kidney and bladder trouble, C. H. Grant, 230 Waverly St., Peoria, Ill., tells the result of his taking Foley Kidney Pills. "Backache and congested kidneys made me suffer intense pains. Was always tired and floating specks bothered me. Took Foley Kidney Pills and saw big improvement after third day. I kept on until entirely freed of all trouble and suffering. That's why I recommend Foley Kidney Pills. They cured me." They are tonic in action, quick in results.

SECONDS THREW UP SPONGE

Joe Thomas Saved Knockout at Hands of Charlie White

New Orleans, April 21.—Joe Thomas, of New Orleans, was saved from a knockout in the eighth round of a ten-round fight with Charlie White, of Chicago, here tonight when his seconds threw up the sponge. Thomas fought back gamely after being knocked down eight times in the second round.

White started the second round with fast work and floored Thomas with a straight right to the jaw. Thomas regained his feet again and again and again and each time was hammered down. Making little pretense of fighting in the remainder of the round, he took the punishment until the gong sounded. He came back apparently weak in the third round but made the fight interesting throughout. White's steady work with his early advantage, made it necessary for Thomas to quit. The men are lightweights.

PRINCETON ATHLETICS

Annual Financial Report Made Public Yesterday—Events

Princeton, N. J., April 21.—The annual financial report of the Princeton Athletic Association published today shows that football and baseball are the only two self-supporting sports indulged in by the Tiger athletes. Total receipts of the last football season were more than $56,000 of which $31,220 was taken in at the Yale-Princeton game and about $16,000 at the Princeton-Harvard game. Football's total expenses were $23,600, of which the largest item $5,458, was for coaching, leaving a net revenue of $33,269 for the season. The baseball took in more than $33,000 and left a net revenue of approximately $9,000.

The track team lost almost $5,000, the rowing association $3,000 and the basketball team more than $1,000.

LICENSE AVIATORS.

Bill Introduced Yesterday in Congress by Senator Penrose.

Washington, April 21.—A Federal system of licensing and regulating the use of aeroplanes and balloons is proposed in a bill before Congress by Senator Penrose. A short preamble says it is recognized that navigation of the air should be controlled by the Federal government. The bill would require the registration of all craft with the Bureau of Navigation and the Department of Commerce and the payment of an annual license fee of $5.

REPLY OF BALKAN ALLIES.

Presented to European Powers Yesterday—An Ultimatum Sent.

Athens, Greece, April 21.—The reply of the Balkan allies was presented to the European powers today. It is a general acceptance of the offer of mediation between Turkey and the allies, with the reservation, however, that the questions of the disposal of the Aegean islands and the delimination of the frontiers of Thrace and of the future State of Albania shall be left open for debate between the allies and the powers during negotiations.

An ultimatum was sent to Montenegro by the commander of the International fleet blocading the coast. It declares that unless Montenegro immediately withdraws her troops from Scutari the fleet will land troops at Antivari, Dulcigno and San Giovanni Di Medua. An officer was landed at Cattaro and conveyed the ultimatum to Cettinje.

GUILFORD WINS FROM A. & M.

Quakers Claim Championship as Result of Game Yesterday
(Special Star Telegram.)

Greensboro, N. C., April 21.—With Shore pitching matchless ball Guilford today won over A. & M. by 3 to 0, the "Quakers" hitting Russell almost at will but losing many runs by reckless base running. Both pitchers had perfect control, the only base on balls being given by Shore in the fourth. Each struck out seven men.

The hitting of the Guilford boys was easily the feature of the game. E. McBane and Fike were the stellar wielders of the willow each having three safeties in four times up. For the Farmers, Brittain made a double and single in three bats.

The first Quaker run came in the first. Thompson, the first man up, hit a high infield fly and taking second when no one fielded it. He was sacrificed to third and came on home on E. McBane's single. In the fourth Fike's double with singles by Futrell and Benbow gave another and in the seventh Shore singled, went to second on a sacrifice, third on a fielder's choice and counted on a sacrifice to left. The Guilford boys had two men thrown out at the plate and several were caught on base. A. & M.'s best chance to score was nipped on a splendid throw from center by Thompson, catching Correll at the plate in an effort to score from first on Brittain's long double.

The Quakers put up a perfect fielding game, while Brittain and Terry contributed an error each for A. & M. By winning today's game Guilford lays claim to the State championship, the boys tonight expressing a desire to meet Wake Forest and settle the title beyond dispute. Guilford has not lost a game except to the league teams in exhibitions. Score:

Guilford .. .. ..100 100 10x—4 14 0
A. & M. .. .. ..000 000 000—0 6 2

Shore and Futrell; Russell and Winston.

IS UNDER CIVIL SERVICE.

Assistant Postmaster Here Will Not be Affected by Any Change.

The assistant postmaster of Wilmington, unlike a number of assistants in offices of the same class in the other cities of the State, is under civil service and will not be affected by any change made in postmasters.

The position is held by Mr. Warren G. Elliott, Jr., a most capable official and withal a pleasant and accommodating gentleman. He complied with the provisions of an order in 1910, and secured status as a civil service employe of the government, effective May 22nd, 1911. The reason that assistants in other offices of the same class are not on the civil service list is that they have not complied with the provisions of the President's order of the year mentioned, or in other words, they have not stood the civil service examination; and therefore any change in postmasters will affect them to the extent that they will be fired out by their new, Democratic superiors.

There has been some suggestion in the papers that the whole civil service system might be wiped out by the present administration, it being charged that gross irregularities have been practiced, but it is not generally believed that the system will be thrown overboard and a return made to the spoils system, though it is not unlikely that if there be crookedness, as charged, it will be made straight. President Wilson is a believer in civil service, and it is hardly thought that he would favor a complete reversion of policy.

The question of the salary of the Wilmington postmaster has been a subject of some discussion since the race for appointment, and various amounts have been named. The salary is $3,400 a year, straight, and that is all there is to it. It had been reported that after the receipts passed the $110,000 mark, the postmaster received a percentage. This is incorrect, for he does not. Neither does he get anything as custodian of the building, as some have thought.

WOMEN'S CLUBS MEET

General Federation Begins Four Days' Session in Washington

Washington, April 21.—With more than 500 delegates from all sections of the country in attendance, the midbiennial Council of the General Federation of Women's Clubs convened here tonight for a four days' session. The meeting was devoted to welcoming addresses and to the reading of reports. Later the delegates were tendered a reception by the District of Columbia Federation of Women's Clubs.

A preliminary business meeting was held by the council during the day at which reports urging the popularization of art, conservation of forests and birds; teaching of social hygiene in normal schools and the need of a system for training school girls in the duties of home-making and motherhood were discussed.

MARQUARD WINS HIS GAME

Pitched Giants to Victory in His First Game—Phillies Dedicate Ebbetts' Field by Winning—Pirates and Cubs Won.

Richard de Marquis, alias Marquard, pitched his first game of the season against Boston yesterday afternoon, and so well did he clothe his delivery with a gracefully assorted bunch of beautiful curves that the Giants took their fifth straight game from the Boston Braves by a count of four to three.

The McGraw men ran wild on the bases, the first two runs being tallied before a single hit was made. Only once did the lean Frenchman weaken, in the fifth, when the Braves touched him for three doubles in a row, netting them two scores.

The Phillies won the final game of the series with the Brooklyn Dodgers before an immense crowd at Ebbetts' Field by a two to one score. The new Ebbetts' Field is situated where on August 27th, 1776, George Washington with a poor little bush league bunch played a no-hit game against Lord Howe and General Grant. Washington beat the Howe guy, who had six thousand Highlanders for his pinch hitting bunch.

The Pittsburg Pirates won from St. Louis in the third game of the series, having also won the second game Sunday afternoon. The Cardinals tried two twirlers, but the Pirates crawled all over their southern exposure and compiled everything that goes to make up a box score in easy manner.

The Chicagoans won an 11-inning game from Cincinnati in a game in which all pitchers were hit hard. Cincinnati scored five runs in the third inning when Lavender was knocked out of the box.

Giants Running Wild.

Boston, April 21.—New York won the fifth straight game from Boston today 4 to 3. The visitors ran wild on the bases during the first inning scoring two runs without making a hit. It was Marquard's first game of the season and he performed well until the fifth when three doubles in a row allowed two scores.

New York .....210 010 000—4 4 1
Boston .....100 020 000—3 9 3

Marquard and Wilson; Tyler and Rariden; time 2:02; umpires Klem and Orth.

By Close Score, But Phillies Win.

Brooklyn, April 21.—Philadelphia defeated Brooklyn today, winning the final game by a one-run margin. The locals scored their first run on the new Ebbetts' Field. The final count was 2 to 1. Mayer outpitched Allen, although the latter struck out eight men.

Philadelphia ....100 100 000—2 6 3
Brooklyn .....010 000 000—1 3 1

Mayer and Dooin; Allen, Curtis and Miller; time 1:29; umpires Rigler and Byron.

28 Hits and Pittsburg Wins.

St. Louis, April 21.—Pittsburg hit Griner and Geyer hard today and won from St. Louis 8 to 5. St. Louis was in the lead up to the sixth, when Pittsburg scored seven runs. Every man on the Pittsburg team singled with the exception of McCarty, who sacrificed in this inning. Geyer finally retired Pittsburg when Wilson, up for the second time, hit a double play. Manager Clark, of Pittsburg, received notice today of his suspension for five days for his quarrel with Umpire Owens Saturday at Pittsburg.

Pittsburg .....100 007 000—8 16 2
St. Louis .....101 200 001—5 12 1

Adams and Kelley; Griner, Geyer and Wingo; time 1:45; umpires Brennan and Guthrie.

Cubs Won Long Session.

Cincinnati, April 21.—Chicago won an exciting 11-inning game from Cincinnati this afternoon 7 to 6. Chicago scored one run in the first inning on Clymer's and Mitchell's doubles. They added two more in the fourth on a single by Zimmerman, a three base hit by Saier and an out. Two runs in the ninth were scored on a single, two doubles and a three-base hit by Archer. Two more runs were added in the 11th on a double, a bob and two singles. Cincinnati, scored five runs in the third when Lavender was knocked out of the box. Two bobs, two singles, a double and a home run by Bates brought in the runs. In the 11th McDonald, who batted for Gront, singled, moved up on an out and scored on a single.

Chicago .....100 200 002 02—7 14 1
Cincinnati ...005 000 000 01—6 12 1

Lavender, Smith and Archer; Johnson and Clark; time 2:45; umpires Brennan and Eason.

ARRESTED AS WITNESS.

Long Beach Millionaire Wanted at White Slave Hearing.

Los Angeles, Cal., April 21.—George H. Bixby, a millionaire of Long Beach, was served today with a subpoena demanding his presence in court next Wednesday as a witness in the case of Mrs. Josie Rosenberg, alias Mrs. Emma Josephine Goodman, arrested on felony charges connected with white slave allegations. Mrs. Rosenberg, according to the police, conducted a so-called lodging house, known as "The Jonquil", where many young girls, gathered from department stores, restaurants and other places of employment, were alleged to have been lured to meet wealthy men. Among them the police claimed, is Mrs. Mary Brown Levy, who will not be 17 years old until June next, and was brought back here today from Redlands, where she was alleged to have been in hiding. According to the officers, Mrs. Levy expressed a willingness to tell of some of the happenings at the "Jonquil".

Mrs. Levy's statements to the police were said to involve a wealthy man who was known among his dupes and cadets as the "black pearl" because of a setting of a scarf pin he always wore. The true name of "the Black Pearl" is known to the police, but has not been revealed.

When Mrs. Rosenberg was arrested the detectives are said to have found in her pocket the photograph of an attorney of this city, said to have been the legal adviser of the woman and of the men for whom she is charged with having acter as procurer.

The coroner is expected to take some definite action on the case tomorrow.

CONVICT COMMITS HOMICIDE

Ernest Jenkins, "Trusty" at Convict Camp, Shoots Bruce Pierce and Makes Good His Escape. Result of Gambling.

Another homicide in colored circles occurred Sunday afternoon about 3 o'clock when Ernest Jenkins shot and instantly killed Bruce Pierce, about a quarter of a mile beyond Hilton trestle. Jenkins made good his escape.

The murderer was a convict, a "trusty", it is said, and having a notion to walk abroad and recreate himself, Sunday being an inviting day, he finally found himself with a crowd, gambling, beyond Hilton. A quarrel arose and he drew his gun and fired at Pierce, missing; then deliberately resting his pistol on his left arm, he fired again. The bullet centered Pierce's heart, and passed almost entirely through his body, lodging in the muscles of his back. Pierce dropped in his tracks, dead in an instant. He was about 25 years old. His people live at Hillsboro and on being notified his father said that he would come for the remains.

According to one negro witness, Jenkins swung onto the Charlotte bound Seaboard passenger which leaves here at 3:05 and which was just passing. Hearing of this later in the afternoon, Chief of Police Fowler wired ahead to the Lumberton officials to search the train, and they did so on its arrival there, but found none answering the description furnished, and were told that a man of that appearance left the train at Acme. Then many reports sprang up. Jenkins was seen by some one at Hilton Park Sunday night. Mr. A. L. Kelly, deputy sheriff, returning from the country, saw a man whom he thought at the time was Jenkins, though he had not heard of the shooting then, going through the woods toward the convict camp. Former Policeman J. W. Smith, who knows Jenkins very well, is positive that he saw the murderer with a negro called "Liver Lip" yesterday morning at an early hour. A negro filling the description left a suit case at the restaurant of Ellen Jones on Water street yesterday, saying he would call for it later. She sad that it was Jenkins. In the case was a pistol. The police, in the midst of all these reports, are puzzled, but believe that the negro is in the city, and if he is, the chances are very good for his capture.

Jenkins is a bad negro. He was serving a two years' sentence for having shot at Plainclothesman Frank George and Patrolman John Davis, now constable, narrowly missing the latter, and had served about one-half of his time. He is of a dark, ginger cake color, will weigh 150 or 160 pounds, is five feet, six or seven inches in height, has a scar on the right side of his chin where a bullet grazed him when a guard put a crimp in an attempt to escape some time since, and he is somewhere around 22 years of age.

On learning of the killing, Plainclothesman D. W. Coleman and Officer T. M. Hall went to the scene. They found the dead body, but not the live negro. Dr. Akerman, the coroner, was summoned, and he authorized the removal of the body. It was brought to the city by a shifting crew on the A. C. L. and sent to the undertaking house of Mr. W. W. King, where it is now. Yesterday morning at 11 o'clock the coroner summoned a jury composed of Messrs. Geo. W. Britt, J. M. Branch, W. A. Simon, H. Haye, C. H. Keen and S. W. Powell, who viewed the remains and adjourned till this morning at 11 o'clock. It is understood that there are five eye witnesses of the shooting, all colored. Two of them are H. McKnight and Ed Carner. One lives in Brunswick county and one has gone to Florence, so that they may not testify, but two or three are sure to appear this morning.

A lucky and rather an amusing incident connected with the affair was the capture of Oren Hayes, a negro who was sentenced to five years on the roads of Sampson county, and who escaped over a year ago after serving about a year of his sentence. He was held up by Mr. J. P. White, A. C. L. operator at Navassa, and the officers notified. Plainclothesman Leon George hurried out there and instead of finding Jenkins, he found the escaped convict. It is stated that the operator will get a reward of $50 for the capture.

Yesterday Sheriff I. T. McLamb, of Sampson, replied to the notification Chief Fowler sent him, and stated that an officer would come here today to get Hayes.

ON THE MEXICAN BORDER

Insurgents Marched Across Border—Gomez in Washington

Douglas, Ariz., April 21.—In compliance with an order from the War Department 75 insurgent State troops who were prisoners since they fled to this side during the battle of Naco, were marched across the line late today. The ninth Cavalry border patrol is ordered to dispose of all soldiers held at Nogales and Naco, Ariz. The prisoners will be returned in small groups at intervals of a few days. General Pedro Ojeda, who commanded the Naco, Sonora Federal garrison, was not released. He is held pending more explicit instructions. Some difficulty will be experienced in the disposal of the refugee Mexican Federal soldiers as the insurgent State forces hold every port on the Arizona border.

Washington, April 21.—Francisco Vasquez Gomez, who escaped from Mexico on a steamer from Vera Cruz, despite attempt of officers of the Huerta government to take him, arrived in Washington today and joined Gonzales Gante, already here, representing the Carranza constitutionalists.

Gomez was permitted to leave Mexico because American Consul Canada at Vera Cruz, refused to permit his removal from the steamer without a warrant. While the Huerta government asked that he be delivered to answer an alleged civil offense, no secret was made that he was suspected of being inimical to the Huerta and Diaz government.

Schofield Boilers - Guaranteed -

Built of Highest Quality Steel. Have 60,000 pounds strength per square inch with an elastic limit not less than 30,000. Show no signs of fracture after being heated red hot and quenched in water. Castings are heavy, strong, substantial. Riveting done by skilled mechanics. All sizes and styles. Absolutely safe. Free from all uncertainties.

FROM FACTORY TO YOU

Guaranteed. We also manufacture Center Crank and Side Crank Engines, saw mills, smoke stacks, tanks, towers and all kinds of machinery, mill supplies, pipe, galvanized roofing, etc. Write for Catalog.

Dept. H Macon, Ga.

Martin O'Brien for Mayor

He saved the City tax-payers $1,700.00 in one item alone, in filling up the deep ravine at the corner of Front and Wright streets. Economy of this kind leaves money in the City Treasury.

Martin O'Brien has served you before for two full terms as Alderman from the Second Ward, Chairman of the Street and Wharves Committee, and Mayor Pro Tem, respectively; when Mayor Waddell retired from office, Mr. O'Brien was a member of his Board, and left $28,208.12 in the City Treasury; when Mayor Springer retired from office, Mr. O'Brien was a member of his Board, and left $57,739.00 in the City Treasury.

The above is from the records at the City Hall.

Mr. O'Brien is now asking your support for Mayor.

BACK WITHOUT E. H. SMITH

Extradition Being Fought at Birmingham, Hearing Continued—Several Charters Issued—Other Raleigh News Notes.

(Special Star Correspondence.)

Raleigh, N. C., April 21.—Solicitor H. E. Norris and Police Officer J. A. Bailey returned to Raleigh today from Alabama without their prisoner, Ector H. Smith, who is so much wanted by the North Carolina Corporation Commission as president of the State's Trust Co., of Wilmington, for alleged banking frauds in the manipulation of the banks of Angier, Macclesfield and Claremont, and in the promotion of the formation of banks in something like 20 other towns in this State.

They left Smith out on $1,000 bond with the final hearing in the habeas corpus case set for April 28th. Solicitor Norris says Smith has retained six lawyers in Birmingham to fight extradition, the merest technicalities being raised that would not be considered for a moment, Mr. Norris says, in this State. The issue is that the affidavit and warrant of the Governor of Alabama, which certifies that it is issued on the affidavit and warrants from the Governor of North Carolina duly presented to the Governor of Alabama, is not accompanied by the actual warrant and affidavits from North Carolina to show due certification. Demand was made that these papers be presented before the prisoner could be delivered, under a Supreme Court ruling peculiar to Alabama. These documents, retained in Montgomery by the Governor of Alabama in honoring the requisition, could not be gotten to Birmingham except through three or four days' delay and Solicitor Norris was obliged to return immediately to North Carolina and, therefore, procured a continuance of the case to April 28th. He is very confident that if Smith does not skip his very small bond he will have to be delivered to the North Carolina authorities in the end. The Attorney General of North Carolina had telegraphed to Smith and the Alabama authorities that if brought back to North Carolina not less than $15,000 bond would be accepted and yet he is released in Alabama on $1,000 bond.

Nothing further has been heard from Vice President W. O. Tarver, of the State's Trust Co., nor has the State offered as yet any reward for his arrest. The preliminary hearings of Secretary-Treasurer C. H. Bowlds and Cashier Dimit Lafoon are set for April 22nd, in the police court here, but will likely be still further continued by consent until the extradition of Smith is settled.

Dr. Joyner, State superintendent of public instruction, says he was especially gratified at the very large representation of North Carolina educators and progressive business men in attendance on the sessions of the Southern Educational Conference in Richmond last week. The attendance on the Conference was nearly 3,000 and the net results of the Conference most gratifying. Raleigh and Charlotte presented invitations for the 1914 Conference as did Louisville, Ky., and Charleston, S. C. The selection of the place will be made later by the executive committee.

The C. A. Williams Co., of Ringold, Halifax county, is chartered for a general mercantile business with $25,000 capital authorized and $3,000 subscribed by C. A. Williams, C. A. Williams, Jr., and Mrs. M. J. Williams. There is also a charter for the Pender Land & Development Co., of Wilmington, capital $100,000 authorized and $25,000 subscribed by J. I. Chadwick, R. G. Grady and C. D. Weeks, for real estate development.

Tom Edwards, a young negro, has been arrested for breaking into the grocery store of Ruddy & Buffaloe, on Hargett street early Sunday morning. The negro went into the store through a rear window and rifled the cash drawers and pocketed some small articles. Money that could be identified as that taken from the cash drawers was found in his pockets. He was captured while attempting to effect an entrance into the dry goods store of A. M. Hanff, which is next door to the grocery store he robbed.

On Wednesday noon there will be a ceremony under the auspices of the Bloombury Chapter, Daughters of the Revolution, presenting a bronze memorial tablet to the city in honor of Joel Lane, Revolutionary patriot, who ceded to the State the lands on which Raleigh was established as the State capital. The tablet is to have a place at the entrance to the new municipal building. The address will be by Mr. Joseph G. Brown, one of whose ancestors was a brother of Joel Lane. The ceremony will take place at noon.

TRINITY COLLEGE NOTES

Editorial Staff of Chanticleer Elected —Woman's Suffrage

(Special Star Correspondence.)

Durham, N. C., April 20.—The present annual staff met Wednesday afternoon and elected the editorial and managerial staffs for next year. Affairs pertaining to the disposal of property of last year's management were put in final form, and a new constitution to govern the actions of the governing board and staff in the future was adopted.

In the election the following men were chosen to have charge of the Chanticleer's welfare next year: Editor-in-Chief, Charles R. Bagley, Moyock, N. C.; business manager, W. F. Starnes, Monroe, N. C.; assistant editors, Frank B. Brown, of Raleigh, and Harry L. Dalton, of Winston; assistant business manager, B. F. Few, Greers, S. C.

The last regular meeting of the Athena Literary Society was arranged to take the form of a regular suffragist meeting. At the roll call all the members had to state whether or not they were in favor of woman suffrage, and to state their respective reasons for their opinions. The ayes were far in the majority, and it seems that if equal suffrage depended upon the concensus of opinion of the ladies at Trinity, Mrs. Pankhurst would speedily have her hopes realized, and thus be persuaded to bridle the militant spirit of her devastating sect.

Woman suffrage was the general theme of the whole programme of the evening. A very original and witty paper, called "Love Letters of a Suffragette," was presented by Miss Catherine Thomas. Miss Lizzie May Smith next delivered a very clear talk on "Current Events in the Suffrage Movement." This was followed by a clever poem in appreciation of warring womankind by Miss Mary Yeula Wescott.

This meeting was the first intimation that there were followers of Miss Zeelie Emerson and the Misses Pankhurst on the campus. There has as yet been no smashed windowpanes reported at the office, and so far as is known no acid has been poured into the mail boxes. However, we live in daily dread.

SCOTTISH SOCIETY.

Annual Meeting at Red Springs, May 21st—Programme.

(Special Star Correspondence.)

Fayetteville, N. C., April 21.—The Scottish Society of America will hold its next annual meeting at Red Springs, N. C., May 21, 1913. This will be, in all respects, a most interesting, important and enjoyable meeting.

We shall have, as speakers, two of the most prominent men in Canada and the United States—Hon. James A. Macdonald, L.L. D., the distinguished editor of the "Toronto Globe", will make the principal address. Dr. Macdonald is an orator of charm and distinction, and a gentleman of international reputation. He will be introduced to his North Carolina audience by our foremost editor, Hon. Josephus Daniels, Secretary of the Navy, whose appreciation of the kind words for the "God-Blessed Macs" have won for him adoption into the society.

A number of the Scottish Chiefs will wear their clan tartans, and there will be a real Highlander with his bagpipe to furnish some of the music.

Dinner will be served in picnic style by the people of Red Springs and vicinity, and that promise insures "plenty and to spare" to eat.

It is earnestly desired by the officers that we have a large and representative "gathering of the clans" to greet Dr. Macdonald and Mr. Daniels, and we hope that all the Scotch people of the State will make an effort to be present.

The members of the Society will please take notice that the annual dues are now due, and we shall be very glad if they will forward dues to the secretary as early as possible.

We shall be especially glad to receive applications for membership from those who are not already members, and the secretary will cheerfully furnish any information in her power to those who are in any way interested in the society. Every person of Scottish descent should be interested, and should esteem it a great privilege to become a member of the organization.

MISS ELOISE McGILL,
Secretary of Scottish Society of America, Fayetteville, N. C.

Blood Bath Knocks Rheumatism

Remarkable Effect of a Remedy That Actually Irrigates the Entire Blood Supply.

The Hardest Nut of All, Rheumatism, is Cracked by S. S. S.

It sounds queer to take a blood bath but that is precisely the effect of a most remarkable remedy known as S. S. S. It has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

You can get S. S. S. at any drug store at $1.00 a bottle. It is a standard remedy, recognized everywhere as the greatest blood antidote ever discovered. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga.

Telephone Line For Sale

Seaside, Shallotte and Wilmington Telephone Company.

Line up and in operation from Seaside to Bolivia, N. C., connecting at Shallotte, N. C., with several independent lines.

Sealed bids received up to May 6th, 1913, bids opened May 9th, 1913, at Shallotte, N. C., three o'clock P. M.

Bids must have enclosed check certified for $100.00. Company reserves the right to reject any or all bids.

So ordered at a call meeting of stockholders, held April 9th, 1913.

E. L. STANLEY, President.
E. F. MALLARD, Secretary.

Square Deal To Every Man

HAS THE POOR MAN GOT A SQUARE DEAL DURING THE PAST TWO YEARS? GO TO THE CITY HALL AND ASK THE CITY CLERK AND TREASURER IF DURING THE PAST TWO YEARS THREE OF THE HIGHEST PAID OFFICIALS OF WILMINGTON HAVE NOT RECEIVED MORE PAY THAN SHOWN BY THE OFFICIAL BUDGET? HAS ANY ONE HEARD OF THE HUMBLE WORKER IN THE RANKS RECEIVING EXTRA PAY IN ADDITION TO WHAT IS SHOWN IN THE BUDGET?

VERILY, THE TEXT HAS BEEN FOLLOWED:

"FOR WHOMSOEVER HATH, TO HIM SHALL BE GIVEN, AND HE SHALL HAVE MORE ABUNDANCE; BUT WHOMSOEVER HATH NOT, FROM HIM SHALL BE TAKEN AWAY EVEN THAT HE HATH."

IN AN ADVERTISEMENT BY ONE OF THE CANDIDATES FOR MAYOR APPEARS A LIST OF THE NEW INVESTMENTS OF THE CITY OF WILMINGTON, THE LARGEST BEING "BLOCK OF CITY PROPERTY FOR STABLES, $13,500.00." DO THE VOTERS OF WILMINGTON KNOW THE HISTORY OF THE PURCHASE OF THAT PROPERTY? IN BOOK 69, PAGE 59, OFFICE OF REGISTER OF DEEDS, IS TO BE FOUND DEED FROM THE WILMINGTON TOBACCO WAREHOUSE COMPANY TO A. W. PATE, FOR WHAT IS KNOWN AS THE "TOBACCO WAREHOUSE PROPERTY," THE DEED BEING DATED MAY 17TH, 1912, AND THE CONSIDERATION $10,000.00. IN BOOK 69, PAGE 60—VERY NEXT DEED—AND SAME DATE, MAY 17TH—IS DEED FROM A. W. PATE AND WIFE TO THE CITY OF WILMINGTON FOR THE IDENTICAL PROPERTY PURCHASED FROM THE TOBACCO WAREHOUSE COMPANY, AND THE CONSIDERATION $13,500.00. DIRECTORS OF THE TOBACCO WAREHOUSE COMPANY SAY ALL THAT COMPANY RECEIVED WAS $10,000.00 AND THAT THE PROPERTY HAD BEEN ON THE MARKET FOR A LONG TIME AT $10,000.00. ANOTHER REAL ESTATE DEALER SAYS THAT A FEW DAYS BEFORE THE PROPERTY WAS PURCHASED BY THE CITY HE HAD OFFERED THE PROPERTY AT $10,000.00 TO THE CITY OF WILMINGTON. WAS THAT DEAL EXTRAVAGANCE?

Was that the proper manner to handle the funds of the city of Wilmington by those delegated to handle that fund? The city owns a large lot at the corner of Fourth and Princess streets that had been used for stables for some years. Why was it necessary all at once to change location and to pay a real estate dealer $13,500.00 for property purchased by him the same day for $10,000.00? Who was responsible for that deal?

Voters! Look at Book 68, page 511, Register of Deeds office, and see if one candidate for Mayor did not purchase property in Block 262, facing 130 feet on Hanover street, and between Second and Third streets, on June 17th, 1912; see if another candidate for Mayor does not appear on Block book, page 263, as owning part of Lot 5, Block 263, also facing on Hanover street. AND SEE IF BOTH CANDIDATES ARE NOT AT PRESENT MEMBERS OF THE CITY COUNCIL. Hanover street has been paved from Fourth to Nutt and Brunswick street, just one block distant—the very next street—has been paved between Fourth and Nutt. There are comparatively few residences on Hanover street. Why was it necessary to expend such a large sum of money in improving that street when there are dozens of blocks in the First ward and every other section of the city that it is highly important should be improved? Have any streets in the First ward been paved with permanent paving except Brunswick and Hanover streets?

DURING THE PRESENT ADMINISTRATION $1,100,000.00 HAS BEEN EXPENDED, AND A FLOATING DEBT—CALL IT WHAT YOU MAY, BUT THE AMOUNT THAT WILL BE LEFT ON THE TAX PAYERS OF THE CITY IN ADDITION TO ALL BONDS—WILL BE NEARLY $200,000.00. IF THE CITY OF WILMINGTON IS STEERED IN THE SAME COURSE DURING THE NEXT TWO YEARS, WHERE WILL THE TAX RATE GO, AND WHAT BANKING INSTITUTION WILL LOAN THIS CITY THE MONEY TO MEET ITS REGULAR OBLIGATIONS?

WILLIAM E. SPRINGER WILL GIVE A SQUARE DEAL TO EVERY MAN.

(Advertisement.)

THE STAR

WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

Tuesday, April 21, 1913.

There is more than one tear in austere.

Oh, you! Be a Wilmingtonian and help to boost.

Senator Works. That's the reason he is a Senator. That's all.

The best way to be a Wilson man is to take what's coming to you.

We may forgive, but the hardest thing is to forget that it happened.

Don't let us overlook the difference between a progressive and a demagogue.

Vox Populi hasn't gone anywhere. The average politician thinks he is it till the people speak.

Atlanta must admit that during her week of grand opera, all the beauties seen on her streets didn't belong in Atlanta.

Man may erect a $100,000 mansion, but sooner or later his thoughts are given over to the erection of a mausoleum.

There are honest differences, but most men do not believe it. That is the reason they appeal to the law to decide which is right.

The simple faith of J. Pierpont Morgan as shown in his will is inspiring. "He that calleth upon my name, in no wise will I cast out."

A man may appear to be wrapped up in himself, but he isn't if he shows signs of wanting to join the boys in a fishing trip now and then.

The best Democrats are those who have never deserted the Democratic standard when it would have paid better to follow the Republican rag.

The average man can realize his standing owing to the fact that his resignation does not create consternation on the part of the management.

Speaker Champ Clark and Col. William Jennings Bryan have shaken hands and called it off. This shows that Champ Clark is a mighty big man.

"Why not eat goats" asks a St. Louis packer. Judging from the alacrity with which very ordinary men are butting in, they are eating all sort of goat.

There are two classes opposed to Democratic tariff revision—the real beneficiaries of protection and those who are Republicans because they don't know any better.

The rural part of the country has its problems and so have the cities and the towns. It remains for the cities and towns not to let the rural districts get ahead of them.

The pictures of the girls who are sponsors for the Confederate reunion to be held in Memphis, July 27th to 29th, are pretty enough to justify the loyalty of any Confederate.

We hope women won't strike on the way they are treated when it comes to dividing the responsibility of looking after the whole family and keeping the old man straight in the bargain.

Those ladies who belong to the D. A. R. are all friends of ours and for that reason we decline to be the umpire when it comes to deciding on any matter in which there is a difference of opinion.

Kipling wrote: "The Female of the species is more deadly than the male"; and as he wrote from the purely English standpoint, we are not in a position to dispute a darned word that Kip says about it.

A razor that won't pull is the razor that's in the hands of the barber who knows how to keep it sharp and make a short stroke instead of rushing the blade from a victim's ears to the dimple in his chin. Ouch!

They are now offering $50,000 to the first fellow who flies across the ocean. We need the money, but we don't need it bad enough to do any high flying where we may have to land in water from three to five miles deep.

Inasmuch as the Mothers' Congress is going to meet at an early day we wonder if the Congress will have in it any of the old fashioned mothers who used to rock the cradles with one foot while they darned stocking and mended the old man's pants.

Louisiana has a town by the name of Waterproof, but it is on the Mississippi and was overflowed by the flood. We might have expected better of Waterproof, but when it comes to being perfectly dry at Leaksville, N. C., we're simply got to reconcile ourselves to the fact that Leaksville is more consistent than Waterproof.

A man who can vote and won't, and a woman who can't vote but would if she could, ought to get together and come to an understanding about the responsibilities of citizenship. No doubt the woman could tell the man more than he knows. A man who does not recognize his responsibility to the public as a voter has no business to rank himself among men.

MORGAN'S OTHER SIDE

Along with John D. Rockefeller, John D. Archbold, William Rockefeller, E. H. Harriman and all the other millionaires and trust magnates who have been bitterly assailed as robber barons whose wealth came through grand larceny corruption of government and oppression of the people, J. Pierpont Morgan was held up as the picture of incarnate greed and cold, calculating, selfishness. The world thought of him only as a great money king, whose whole energy of mind, soul and body was concentrated on accumulating wealth and in controlling the wealth which belonged to others. Among robber barons, he stood as chief, holding in his hands the credit of thousands, able by a stroke of his pen to make or unmake almost any other man. Nobody thought of him, except his intimates, as having any other trait of character or purpose of life; least of all did anybody suppose that he gave much thought to religion. With this idea of Morgan in mind, the general public was given pause Sunday when it read the opening paragraph of his will, which was as follows:

"I commit my soul into the hands of my Saviour, in full confidence that, having redeemed it and washed it in His most precious blood, He will present it faultless before the throne of my Heavenly Father; and I entreat my children to maintain and defend, at all hazards, and at any cost of personal sacrifice the blessed doctrine of the complete atonement for sin through the blood of Jesus Christ, once offered, and through that alone."

We do not recall that we have read anything more impressive than that, made particularly so because so unexpected. It goes to show, for the ten millioneth time, that every man, no matter what we may think he is, no matter what he is, has good in him—so much, that it lies not in the mouth of any other man to judge him. Living, and but a short time before his death, Morgan was heartily abused throughout the length and breadth of the Nation. Dead, he becomes one of the truly great figures of American history and his critics change the tone of their criticism from harshness to gentleness, from blame to praise. As a people we are too prone to denounce our great men, during their lives; too prone to "slop over" in our tribute when they are dead. Much more admirable would be a course in which we would recognize the finer qualities with the others, while the man is alive, so that, as in Morgan's will, we would not have to pause and feel ashamed of having run over such majesty as is expressed in the paragraph quoted, in our haste to attack those qualities of character in a man which we do not admire. Charity is a growth, and as a man gets older, he more and more inclines toward the charitable view of men. America is young, and doubtless as she ages she, too, will come to look with more liberality on the men in various walks of life who adorn and ornament her history. As individuals it behooves us all to bear in mind that in the course of justice none of us would see salvation.

Not for a moment would we defend any illegal or immoral method Morgan may have practiced in his giant transactions of finance, if he practiced any. We only see a man like the rest of us, save that his napoleonic mind towered above commonality, humbling himself before his Creator, and declaring with the voice of an evangel of God his belief in the immortality of the soul through the atonement of Jesus Christ.

A SIGN OF THE TIMES.

Men and parties have to face the inevitable and they have to keep busy reading the signs of the times. Those who do not keep their ear to the ground won't know what happened to them when it happens. In order to warn the Bull Moose party not to be laying up such great store by the future, a new party man, who is said to be "a progressive of great prominence," recently availed himself of the opportunity to point Col. Roosevelt and other Progressive leaders to the signs of the times as he had been reading them. The executive committee of the National Progressive party met in New York last Wednesday to discuss the future of the party throughout the country, and the aforesaid prominent Progressive, not being able to attend, sent this warning to the Progressives assembled:

"Results of recent elections have been sufficient to make Progressives sit up and think. The losses that we have sustained in Long Island, in Michigan, in Illinois, and in St. Louis indicate clearly that the vote that was cast last November was not a Progressive vote, but a personal vote for Col. Roosevelt. We carriel Michigan in the Fall and now the Republicans have swept the State. It is a grave situation. What are we going to do about it? I am very frank in saying that if this conference is going to enunciate only a lot more of those high-sounding principles that have marked previous gatherings of the sort, that it will do the party much harm. It is no use to keep on declaring that we are committed to lofty principles, and going to stand alone, if the standing alone is patently going to turn the Progressive party into another which will soon disintegrate."

What more could the Progressives do than to reiterate their "high sounding principles" and then some, unless they would urge Progressives to stand firm on the assurance that the Bull Moose is going to lead again? However, as the Bull Moose individuality was not concerned in the elections recently held, doesn't it show that as between the "high sounding principles" of the Progressive party and old fashioned Republicanism, the voters took the G. O. P. in theirs? This would seem to indicate that with Roosevelt out of the running, the people care nothing for the principles of his self-conducted party? It shows that in November, the Progressives voted more for the man than they did his party's principles, or else they would not have gone back to the Republican party in the recent elections. With Roosevelt out of the running as head of the Progressive party in 1916, wouldn't it make about the same showing as it did in the election a few days ago in Michigan?

THE DEMOCRATIC TARIFF.

After two weeks discussion in caucus the Democratic tariff measure is now before the House and will be passed upon before May 1st or 15th. Then it goes to the Senate, and by July 15th, the people of the Nation may expect a tariff measure revised in their interest and in their interest alone. When the Underwood bill was first presented to the caucus, there were predictions of disaster to this or that industry, but this talk has about all subsided now and legitimate business to all intents and purposes has suffered in general but little, if any, and where the shoe has pinched in one small particular, the concensus of opinion is that the resultant good to the masses has more than been made up by this general good.

The opening days of Congress have demonstrated that President Wilson is a much stronger executive, a more profound student than his most enthusiastic friends claimed for him in the opening of the last campaign. He has disregarded precedents in many instances, but this disregard has not been dangerous and Woodrow Wilson today enjoys the confidence and respect of all the people more than at any other period in his history. The Democratic tariff bill is coming along all right. It may hurt here and there, but as stated, the greater good to the greater number would seem to justify all that has been done. The tariff cannot be made a local measure. That has been the chief difficulty heretofore. The tariff makers at Washington seem this time to have pitched their efforts upon a very broad plane and they seem to have done their work well. The whole country will now watch with interest the progress of this important legislation through both Houses of the National Congress. The Democrats and President Wilson believe they will make good. We shall see.

THE PRIMARY TODAY.

The annual meeting of the stockholders of the City of Wilmington, Inc., will be held today in the several wards and precincts of the municipality. A full attendance of all stockholders is urged as no proxies can be voted. The meeting is one for the selection of two candidates for Mayor and two councilmen from each ward, from which there will be selected one each in the postponed annual meeting of the stockholders to be held in May.

The meeting is one in which each stockholder in the city should attend and cast his vote for the best interest of a property in which he is personally interested. Questions of sound finance, health, moral standard and other considerations are to be weighed carefully by each stockholder and they are expected to vote their stock, share and share alike with the citizens of the municipality, for the greatest good to the greatest number of people. The record of each candidate for Mayor and councilmen should be weighed carefully by the voter and each voter should decide for himself which of those offering for position in the management of the corporation are best able to manage this eleven million dollar proposition safely, economically and with the greatest good to the town and community. Law enforcement, health, and all other considerations should be weighed and weighed carefully and then a vote should be cast for efficiency and economy in every department of the government. The success or failure of the next two years city administration will depend upon the shareholders in this city government who will go to the polls today and cast their votes for the men they believe best able to administer the affairs of the municipality during the next term.

THE RATE CONFERENCE.

The conference last week of the railroad officials and representatives of the State and the commercial bodies of North Carolina seems to be in a fair way of accomplishing great things for the State. The parties interested have gone about their work in a thorough comprehensive way and while the task is a great one, the representatives of the shippers seem well able to take care of themselves. It is plain to be seen there is to be no compromise. With an extra session of the Legislature in prospect within a few months and with the extra session open to any legislation that the exigencies may require, the representatives of the people seem to have in their possession a weapon which will certainly be wielded, if it becomes necessary. However, it is believed that this will not be necessary. The railroad officials have met representatives of the State in a splendid spirit and it is believed a new era is soon to open for business men of the State. The Seaboard Air Line was "raked over the coals" at the first session of the conference for its seeming indifference to the appeals of the shippers of the State, but it is gratifying to know that this fine and progressive old Southern system at last "came into court" and absolved itself of any purpose to treat representatives of the State with any discourtesy.

ATTENTION VOTERS!

Editor Star: There has been much said concerning the enormous amounts of money expended during the city's present administration.

I feel it my duty to give to the public something of what I know along that line. During so much talk and threats of recall there were many demands made upon the administration to give the people a pure water supply from artesian wells. One Councilman said to some of the others in my presence, "Gentlemen, we've got to do something. You see how things are going. It is our last term anyway." They made a trade with me to sink an experimental well on the County Farm, near the Home, on the day basis of 10 hours. The city was to furnish the casing. They authorized me to buy it and charge it to the city. This I did, and began the work.

While on the work I requested them on several occasions to go out and investigate the work. Not one could I get to go out there while the work was going on, and if one of them has ever been since the work was done, I have never heard of it.

Almost beyond my most sanguine expectations, I succeeded in getting a natural flowing artesian well, which flowed 35 or 40 thousand gallons of clear, fresh water per day, and am confident the well will furnish by pumping 200,000 gallons per day, and I will venture the assertion that there are not fifty people in Wilmington today who know that there is such a well so near the city. They pronounced it a failure without ever going to see it. I then proposed to guarantee two million gallons per day of pure, clear water, which would not require filtration, and without one penny being paid me until I obtained it.

By this time the recall fever had blown over, and they informed me that there would be nothing more done in that line.

Mr. Voter, do you think that they were being paid enough for their services to have put themselves to a little trouble, denied themselves just a little of their time from their private business to see whether or not I was doing my duty—putting in the time that I was charging up to the city? And when the work was finished, that someone should have gone out there and taken an inventory of the casing which I carried away and gave credit for and not take the word of any one for it, no matter how conscientious and fair I was in making out my bills? Don't you think that your servants were spending your money in a very lax way, and does it not look as if the money was being spent for the purpose of hushing up the people, so that they could continue to draw their lucrative salary? J. D. LOWRY.

COMMISSIONERS APPOINTED

Property at Northwest Corner of Second and Chesnut Will be Sold

Marsden Bellamy and A. S. Williams, Esqs., were yesterday appointed by Maj. W. N. Harriss, Clerk of Superior Court, as commissioners to sell at auction or private sale for a sum not less than $30,000, the lot on the northwest corner of Second and Chesnut streets, belonging to the estate of the late Mr. John H. Hanby. The property has a frontage of 67 feet on Chesnut street and 166 feet on Second. The commissioners were appointed upon motion of counsel for Mr. and Mrs. John W. Helbig, in a case in Superior Court entitled Archibald J. Hanby against Florence H. Foard and her husband, Charles D. Foard, Carrie E. Helbrig and her husband, John W. Helbrig, and Louis L. Hanby. The property in question is considered very valuable as might be imagined from the minimum price placed upon it.

MANTEO BAY—NEWPORT RIVER.

Hearing to be Given Parties Interested in Improvements.

Maj. H. W. Stickle, Corps of Engineers, U. S. Army, has issued notices to the effect that, Congress having provided for preliminary examinations, he will hold a hearing for parties interested in the improvement of Manteo Bay and Newport river, to learn their views concerning these improvements.

The hearing in regard to Manteo fay will be at Manteo on May 6th, at 11 A. M. This improvement embraces Manteo bay, its approaches and its reaches above the town of Manteo.

The hearing for those interested in the Newport river improvement will be at Newport, May 8th, at 11 A. M. The proposed improvement is from the river's mouth to the head of navigation.

GOVERNOR HOOPER VETOES

Sends Back Forty Bills to the Tennessee Legislature.

Nashville, Tenn., April 21.—Governor Hooper today returned 40 bills to the Legislature without his approval. In the cases of a majority of them the Governor held they were illegally passed as they wer enot acted upon by a quorum of the Legislature. By this action he refused to recognize the "presence" of a band of legislators who left the State, but who were recorded as "present and not voting" on many ballots. It is reported the Governor will send back 100 more bills vetoed on the same grounds.

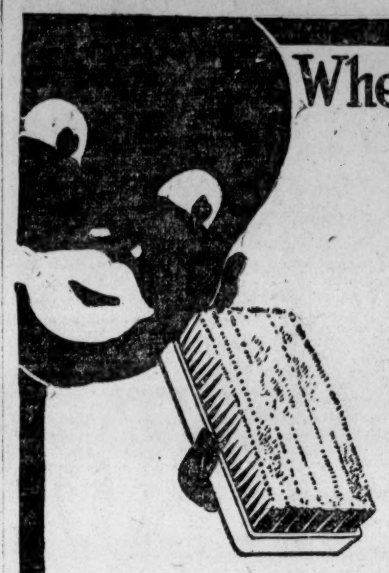
Where Two Heads Are Better Than One



Why try to do all your work alone—drudge, rub, scrub and scour—wear yourself out with work and worry, when you can summon the GOLD DUST TWINS to your aid and cut your labor in two?

Gold Dust will save just half of your cleaning effort. It will do more work and better work than any other cleaning agent. It will make everything about the house cleaner and brighter. It will do its work in half the time consumed by other products.

GOLD DUST

There's no use in talking—to get along without Gold Dust makes hard work of house-work.

Buy a package of Gold Dust today—you can buy a large package for 5 cents—learn the way to easy housework.

Use Gold Dust for washing clothes and dishes, scrubbing floors, cleaning woodwork, oilcloth, silverware and tinware, polishing brasswork, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

THE N.K. FAIRBANK COMPANY, Chicago

UNFORTUNATE ACCIDENT

Young Marion Harriss Came Near Losing His Life Sunday

Mr. Marion Harriss, 23 years old, eldest son of Major and Mrs. W. N. Harriss, and one of Wilmington's most popular young men, was found about 11 o'clock yesterday morning lying on the beach at Greenville Sound, near Canady's landing, in an unconscious condition. It was at first thought that he was the victim of foul play, but this proved not to be the case on full investigation. The young man was hurried to the James Walker Memorial Hospital, where it was reported early last evening that he had partially regained consciousness and that he would most likely be himself again by this morning. His many friends throughout the city will be glad to learn that the first reports of his injury were greatly exaggerated, due to the excitement incident to the finding if his inanimate body.

Mr. Harriss was at Wrightsville Beach Sunday afternoon with a party of friends. Along about 4 o'clock he decided to go across to Wrightsville Sound in a boat from the Carolina Yacht Club, as he had frequently done before. A strong wind was blowing at the time. The assumption is that the wind became so strong that he was unable to manage the boat, which drifted some distance out of the course, and then in a final effort to reach the opposite side of the channel he put forth every ounce of his remaining strength, with the result that he was able to beach near Canady's landing. He got out of the boat, but evidently was so nearly exhausted that he sat down to rest a bit. He must have dropped off to sleep, for it was at this spot that he was found yesterday morning. However, as Mr. Harriss was alone and at latest report too weak to give a definite account of his experiences most of the above is based upon supposition. When found, he was in a bad condition as the result of the exposure to the cold over night.

Sheriff Cowan received the message of the finding of the young man and hurried to the spot accompanied by Deputy Sheriffs Kelly and Reynolds and Dr. Joshing, of the hospital. Sheriff Cowan recognized the young man as Mr. Harriss. Major Harriss was notified and he left the city immediately with his brother, Mr. George Harriss, and they met Sheriff Cowan and party coming to the city with young Harriss, who was then thought to be in a very serious condition. However, after being taken to the hospital and a thorough examination having been made it was found that he was suffering principally from exposure and that there was every hope for his speedy recovery.

HAD RELATIVES IN CITY.

Dugie W. Welch, Killed Saturday Night, Related in Wilmington.

Early Sunday morning Mr. W. E. Yopp received a telegram from Charleston announcing the death by accident of Mr. Dugie W. Welch, husband of a lady whose maiden name was Miss Wana Christian, and who is a first cousin of Mrs. Yopp, and a cousin of Mrs. F. B. LeGwin, Mrs. E. D. Warren and Miss Ella Donnelly, all of this city.

Mr. Welch was a switchman in the Charleston yards and was on duty Saturday night when the accident occurred. A freight car in bad condition, with a defective coupler, ran over the unfortunate man, and he was instantly killed.

At the coroner's inquest held Sunday afternoon, the verdict was that the railroad was responsible for Mr. Welch's death in that the car had the defective coupler and that while trying to make a coupling, Mr. Welch lost his life without contributing to his own death. The crew of the train with which Mr. Welch worked testified at the hearing, saying that the car was not in condition and that after the accident it was sent to the repair shops.

BUILDS UP THE THIN AND WEAK

Samose Makes Thin People Fat, or J. Hicks Bunting Drug Co. Will Return Money

In Samose are combined flesh-giving food elements that soon produces a steady and noticeable gain in flesh. Taken after meals, Samose mingles with the food and causes it to be assimilated so that the fat producing elements are retained in the system and you will soon get good flesh, steady nerves and a healthy body.

J. Hicks Bunting Drug Co., have seen such remarkable results following the use of Samose that they offer to pay for the treatment if it does not make thin people plump and rosy.

You run no risk whatever in buying Samose; it is a true flesh-forming food and is sold under the guarantee of one of the most reputable business houses in Wilmington to refund the money if it does not give complete satisfaction.

Washington, April 21.—All factions of the society of the Daughters of the American Revolution were recognized today in the appointment of standing committees at the first meeting of the National board of management under the new administration. Mrs. John Miller Horton, the unsuccessful candidate for President General, was made chairman of the committee to petition Congress to publish revolutionary war pension records.

CURES RHEUMATISM

Quickly Eases Stiff, Sore, Swollen Joints and Muscles—Drives Rheumatic Pains Away.

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can easily avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidnieys, so they can filter the poison from the blood, and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst backache or overcome urinary disorders.

THE RECORDER'S COURT

Considerable Business Transacted Yesterday by the Municipal Clearing House of Crime—Women Feature as Cause

While not exactly a "wine, women and song" affair, yesterday's Recorder's court was very largely taken up with the trial of cases in which women and whiskey showed up as the moving cause of trouble Saturday night and Sunday. No less than five long drawn out cases were heard in which these troublesome agencies were featured. All came from the African underworld.

Carl P. Nelms, who shot at Mrs. E. T. Raynor and George Clark Saturday night and tried to enter the home of Mrs. Raynor, on Harnett street, between Fourth and Fifth streets, was alleged to be crazy by his brother, S. G. Nelms, who made affidavit before the Clerk of Superior Court to that effect, and the clerk will give the case a hearing today at noon. Nelms, if adjudged sane, must answer before the Recorder on four charges, carrying concealed weapons, forcible trespass, assault with a deadly weapon on George Clark and on Mrs. Raynor. The Recorder continued these cases, as a matter of form, until tomorrow morning at 9:30, in case the clerk's findings should warrant a trial of them. It is stated by a number of officials that Nelms is not mentally right and all agree that he is a dangerous man to be at large.

Judgment in the cases of assault on females ranged all the way from dismissal to six months on the roads. William Henry Richardson, a plank-headed negro whose wool had been shaved from the scalp, so that all the peculiarities of his cranial architecture stood revealed, was charged with "busting" into the house of Mary Kelly and raising a small row Saturday night. It appearing that he had formerly had the run of the place, the court placed a fine of $10 and costs on him, or three months on the roads. The first charge was straightout burglary, but that fell flat.

Chum Blakley, a husky negro youth, was up for landing several stiff blows on the side of Hester Carr's head. She was a comically small thing and the left cheek was swollen as if from terrific tooth ache. She averred that Chum had biffed her twice and hurt her face, so that she could hardly talk. Chum scored six months on the highways. Solicitor Peschau was of the opinion that any man who would hit a woman so hard as to close her mouth ought to be punished, and he very gallantly said so, though doubtless most of his male auditors thought that such a man should have some distinction or other conferred upon him.

James McCall paid $10 and costs for the luxury of beating Nora McCall, and Isam Blango was held to be not guilty of having mistreated one Mary Howard.

The double hearing of the cases against Tom Williams and Robert Jenkins consumed the most time and was thick with funny incidents. Thomas was drunk and disorderly Saturday night at the home of Jenkins. On the stand he stated that he bought three half pints from Jenkins and that Jenkins had flim-flammed him out of $1.25, to boot. He told a number of things about Jenkins, who poses as a preacher, among others that he had a razor on him, as indeed he had when the officers arrested both of them. Jenkins swore the razor was Williams', that he was only holding it for Williams till the officers he sent for came. Nevertheless, he got three months for carrying it, while Williams, whose story was evidently pretty straight, and in accordance with what the officers think of the "reverend," was fined $5 and costs. One of the women in the case swore that Williams had the razor, and that in the presence of his "yaller gal," told a real black woman that he aimed "to cut de thote ov ev'ry black 'ooman 'twixt heah an' de elective cheer," saying he didn't like their style of beauty.

Today George Grady, house-breaking and carrying a gun, will be heard, as will Hunch Hollis, larceny of a coat.

MOVEMENT OF BERRY CROP

Frost yesterday Morning Along Weldon Road Did No Damage

Although frost was reported all along the W. & W. road territory yesterday, it is stated that it did no damage. Cool weather is operating against the movement of strawberries but as long as the weather remains fair, it is said that no serious delay will occur. The movement Saturday amounted to 30 cars and yesterday 50 cars were loading throughout the berry belt. Eight cars of lettuce from the Wilmington district were loaded yesterday.

A dispatch from Cuba, Ala., to the Fruit Trade Journal and Produce Record, New York, says that car lot shipments of berries from that territory are moving and will be very heavy. The crop is said to be of the fine quality, berries firm and in fine shape for shipping. If no rains interfere, shipments will therefore be made to points as distant as Boston. Trains make the berry farms regular stops for their local service, so that pickers may be recruited from nearby towns and put off right where they are to work. The output at Conway, Ark., is estimated at about 20 carloads. In the Louisiana belt the crop is greater than ever before and will total from 1,200 to 1,500 cars. Shipment is made as far into the Northwest as Vancouver, Winnipeg, Seattle, Butte and Portland, and to Quebec and Montreal. Chicago and Kansas City also take large quantities of berries and the prices this Spring rule high because of a very strong demand. At Penchatoula, La., on the 14th a growers' association auctioned off four carloads containing 3,276 crates of 24 pints each, and the winning bid was $6,859.60, or an average of $2.06 1-4 cents per crate. Cold nights have retarded the crop. The 16th the movement was at its height at Osyka, Miss., the crop around the town aggregating 48 carloads.

Three Schooners Arrive.

Three schooners with cargo for Wilmington arrived in port yesterday, all reporting to Messrs. Maffitt & Wood. They are the William J. Quillin, 575 tons, Capt. Quillin, from Baltimore, with cargo of gravel for the Boyle-Robertson Construction Co.; the Phillip M. Brooks, 243 tons, Capt. Saunders, also from Baltimore, with cargo of coal for the Ocean Fisheries Co., and the Edward R. Baird, Jr., 263 tons, Capt. Coulburn, from Jersey City, with cargo of cement for the Seaboard Air Line.

"Seems to Me the World is Singing Marguerite."

Hear Harry Harris sing it at the Grand Theatre today. Also new music by the Grand orchestra.

COLUMBIANS GUESTS OF CITY

Committee of Columbia Chamber of Commerce Here to Study Wilmington's Health Department Methods.

The city of Wilmington is pleased to have as her guests a committee from the Columbia Chamber of Commerce, sent here to study the methods of the health department with a view of gathering data to be used in a great clean-up campaign in Columbia, with especial emphasis on all that will make for the extermination of the fly pest and the mosquito menace.

The committee arrived Sunday night. It is composed of Prof. E. S. Dreher, chairman; Prof. L. P. Chamberlayne, and Mr. Hazlett N. Clark, secretary of the Chamber of Commerce. Prof. Dreher has been superintendent of the Columbia schools for 18 years. Prof. Chamberlayne occupies the chair of Latin and Greek in the University of South Carolina. As secretary Mr. Clark is the live wire of a rejuvenated Chamber of Commerce that has started out to make Columbia clean as well as beautiful. Their Chamber may have and doubtless does possess abundance of excellent material in the way of energetic and enthusiastic members, but it is hardly possible that it could have sent out three men with more earnest enthusiasm for the work they have outlined than the members of the committee here now. Certainly their Chamber has no more agreeable gentlemen.

"Why did you select Wilmington?" asked a Star man last night, when he found the three comfortably seated in the lobby of The Orton, discussing their day's experiences.

"Because we read an article in the World's Work in regard to the work you are doing," replied Chairman Dreher.

"And I want to tell you," broke in Secretary Clark, "the health work that you are doing and have done is the best thing as an advertising proposition that you could have done. Why, I never heard much about Wilmington, North Carolina, before that World's Work article revealed so vividly what was going on here. Since then I have heard more about Wilmington than you could imagine. It has advertised your city far and near."

"Well, that article kicked up considerable of a dust around here," said the newspaper man. "In the light of it, now that you have visited the health department and have seen with your own eyes what is going on, what do you think?"

"Eliminating the very natural newspaper tendency to overdraw," smiled Chairman Dreher, "and overlooking, also, the equally natural tendency toward hero worship, natural because the writer was dealing with pioneer work, I should say that the solid facts of the article are borne out by conditions here. The results speak for themselves."

"We were very greatly impressed," said Prof. Chamberlayne, "with the marvelous system which has been worked out by your health officials; and we were very favorably impressed by Dr. Nesbitt's reception of our committee. Immediately after we had stated our mission, he threw open the resources of his office to us, reserving nothing. He showed us his charts, his records, his complete system; he told us all we wanted to know, generally speaking and in regard to the particular facts we came here to find out. You know, we had a sort of idea that perhaps we might not be able to get right at the secrets of a man's whole scheme of work, but Dr. Nesbit didn't hesitate to tell us all we wanted to learn and to help us all he possibly could. He loaded us up with documents to carry home and study; and we want to say that we appreciate the courtesy very much."

"Our particular work", said Chairman Dreher, "is to clean up the drains in Columbia, put an end to the old tin can business where mosquitoes breed, and make Columbia sanitary throughout. Our health authorities are with the Chamber of Commerce and its committee of 15 on sanitation, heart and soul. We are all united on the proposition. There is no friction. The Board of Health is co-operating with us in every way. The people are not opposed. Our sewer system is perfect, and while it does not serve the entire city, it covers a large portion. The foundation for successful health department work is laid. We very likely do not have to face several problems that your city faced at the outset."

"We were impressed with your High School," said Prof. Chamberlayne. "Today Mr. J. J. Blair, your superintendent, took us through the institution. A feature that appealed strongly to me was the high class art exhibited in the pictures which adorn the school. We visited the Union and also a colored school, and tomorrow we are going to the Bear Memorial."

"I was surprised," said Chairman Dreher, "to find that you do not have domestic arts taught in your schools. Do not understand me as criticising, for I am not."

It was explained that Superintendent Blair and the school authorities had long been considering taking such a step.

"Your city is a beautiful one," said Secretary Clark. "In fact, we have had a most pleasant day of it and while it is to be expected that visitors such as we would praise everything glowingly, we can sincerely say that you have a splendid city, and we have been most courteously received by every one we have met. The Cape Fear Club has extended to us the freedom of its club house for two weeks, and you know, we appreciate that a great deal. Our city and yours are about of a size—somewhere near 40,000. The school enrollments are practically the same, I find."

And all three gentlemen were very strong in expression of admiration of the system being worked out by the health department. "We have seen the system and we have seen the results. Your health department has made good. We are glad that we came and feel sure that we will gather a mass of very valuable information which we can use with good results in our fight for a clean city in Columbia." Such was the sentiment of the committee.

After visiting the health department yesterday, which they will repeat today, and seeing the schools, the visitors went down to Wrightsville Beach and took a look at the famous resort. Today they will complete their mission to Wilmington and will leave this afternoon for home. Wilmington appreciates the fact that her neighboring progressive community has paid her the compliment to send a committee here to look into the notable health work she is doing, and through them sends back heartiest greetings, best wishes for a successful campaign for a clean city, and a "come again" that stands the year round.

THOUSANDS ATTEND OPENING

Good Part of Population Visit Armour & Company's New Plant—Fine Exhibit of Meat Products—Interesting Event

The opening of the new plant of Armour & Co., 17-19 Water street, drew several thousand people yesterday, for the public had an invitation to go and see the wonderful place with its modern equipment and its stores of every imaginable thing in meats. It was quite an event, indeed, and every one who visited the plant came away highly pleased with himself or herself for going and with all that he saw. In many ways it was a revelation to most of the visitors and was educational throughout.

The opening drew several prominent officials of the big packing house. Mr. F. A. Benson, superintendent of trade promotion in the United States, was here; Mr. E. L. Knudson, district superintendent for Virginia and the Carolinas; Mr. Green Fenley, manager of the branch house here; Mr. Sam Powell, the genial distributor of happy words, formerly of Wilmington but now operating a big market in Charlotte; Mr. A. C. Summers, the Norfolk manager; Mr. Garry Heesemann, Charlotte manager; Mr. R. M. Carrier, Greensboro manager, and Mr. C. M. Dillard, manager of the Armour Soap Works in Chicago, were all here, all helping entertain, and all making the folks welcome.

A number of the ladies of the town assisted at the booths where sandwiches made of Armour products were served to all comers, and they were good, too—so good that more than one got a second helping and practically everybody wanted more. Grape juice was also served, and this was the cause of a side-splitting incident. A couple of visitors from out of town, man and wife, strolled by the grape juice counter and the male member of the firm paused, with an eye on the juice. The other and better half of the company instantly smelled a mouse and nipped it in the bud. "You come along here," she commanded, possessing herself of the man's arm, "don't you see they are drinking whiskey? Come on!" Reluctantly is a mild word.

Visitors were started in at the basement, after passing through the offices, and shown the cooler with its stores of salt meat, hams, etc. The elevator then carried them to the top floor, when they descended to the second floor, viewing the whole dressed fat hogs, and the finest, fattest beef any of the crowd ever saw. En route sandwiches of dried beef, pork and beans, cheese and all manner of meat sandwiches were served and Armour grape juice passed out as a fare-you-well. Music was furnished by the High School orchestra.

The Star previously has described this plant in detail. It is complete as modern ingenuity and money can make it. Every facility is afforded for handling and keeping the meats in a perfectly sanitary manner. Armour's is the only house in the country putting in the tile-lined coolers and these can be cleaned throughout with the hose. There are, of course, much larger plants, but all are on the same plan as this one, and it is the largest in this part of the South. The visit to it yesterday by 8,026 people effectually knocked out of their heads that such a plant must of necessity be bloody and dirty, for everything was spick and span.

The building is largely due to the persistency of Mr. Fenley, local manager, and Mr. Knudson, district manager, who urged its erection, and the company, finding their business justified it, proceeded to spend $50,000 to build and equip it.

In connection with the opening and considering the enormous proportions to which this business has grown in the last 27 years, it may be interesting to the citizens of Wilmington to know that the first carload of dressed beef that was brought into the State of North Carolina came to Wilmington. In the Spring of 1885 Mr. W. E. Worth established an ice factory in Wilmington, being the first ice factory of its size in the United States constructed along the Atlantic seacoast. At the time of constructing this plant he also in connection therewith constructed a cold storage house, and in October of that year, brought the first carload of dressed beef to Wilmington.

Ice plants were very little known through the South at that time, and it was a question whether it were possible to transport a carload of beef from Kansas City to Wilmington successfully; as the only points where he could reasonably hope to get ice sufficient to reice the car were Chattanooga, Atlanta and Columbia, S. C. After considerable time occupied in looking up the shortest route with available points at which the car could be iced, and a proposition from the Iron Mountain Railroad that they would allow him to send a man along with the car, free of any expense to see that it was properly iced, the venture was made and the car reached Wilmington in perfect condition, being 11 days on the route, a Goodell Overhead Icer being used.

For the next three years Mr. Worth handled this business in Wilmington, beginning in October and closing generally in May, and at that time turned the business over to the Armour interests. The first packing house of this kind that was constructed by the Armours was in Charlotte, and the second building was in Wilmington, alongside of the ice factory of W. E. Worth & Co., and from that business has grown this enormous development of the Armours throughout the South.

BURIAL OF MRS. HARPER

After Services at the Home Remains Were Taken to Southport

The funeral services of Mrs. Annie Sophia Harper were held yesterday morning at 9:30 o'clock from the residence, No. 1 Church street, by Rev. Dr. Wm. H. Milton, after which the remains were taken to Southport for interment. Dr. Milton conducted the burial in the Southport cemetery at 1 P. M. The pallbearers at Southport were Dr. E. Y. Watson and Messrs. E. H. Cranmer, R. B. Davis, M. C. Guthrie, J. B. Ruark and J. A. Drew. A large number of sorrowing friends and relatives attended the last sad rites. The grave was a mass of flowers and the designs were extremely beautiful.

Heed the Cough That Hangs On

The seeds of consumption may be in lurk, and a cough that hangs on weakens your system, and lowers your vital resistance to disease. Take Foley's Honey and Tar Compound. It stops the cough, heals the inflamed membranes and strengthens the lungs. E. D. Rountree, Sulphur, Ga., says: "La Grippe left me with a deep seated hacking and painful cough from which I could get no relief until I took Foley's Honey and Tar Compound. It completely cured me." Refuse substitutes. For sale by Robt. R. Bellamy.

"POSTOFFICE PARK"

Citizens Advance the Idea of Improving Vacant Government Property. Prospective Postmaster-Elect Favors Plan.

A number of citizens are interesting themselves in the idea of inducing the government to improve the very idle lot behind the postoffice. They propose that shrubbery and flowers be planted, shade trees set out, walks laid and seats arranged, so that the public may enjoy what is now a quite useless piece of valuable property.

One of them yesterday spoke to Mr. H. McL. Green, prospective postmaster-elect, in regard to it, and he replied that long before he ever thought of being postmaster, he had considered the very idea, and would do what he could to further the project. If the government cannot be induced to spend any money on it, it is suggested that it give its consent to the city to create a park for the public pleasure.

"There's nowhere to sit down in this town," is a constant complaint one hears from brick-and-mortar weary strangers, "except the curb." The need of a park is very vital, and is felt particularly by the visitor from almost every town of any importance, because in almost every community of any importance, and in many of none, there is provision made by the municipality for just such a want as this. Wilmington is the city without a park, and there will doubtless be general endorsement of the plan to fix up a nice little place at the postoffice.

The idea of the Civic Department of Sorosis that the native flowers and shrubs be gathered from the woods before they disappear, and planted within the city, would seem to find in this proposition a splendid opportunity to take root.

NEW HANOVER ROADS

Satisfactory Progress in Road-building Out of Phosphate Rock

The Raleigh News and Observer got out a good roads edition Sunday, publishing short statements relative to road work from practically every county in the State. Writing from New Hanover county, Chairman M. S. Willard, of the Board of Commissioners, tells of the road work and erection of modern draw bridge over the Northeast river and of city and county consolidation plan in view, as follows:

"The road work in New Hanover county has been progressing satisfactorily during the past year.

"Our roads are constructed out of the phosphate rock which is obtained in New Hanover county. This rock makes a road which is unexcelled by any road when first built. It is a natural binder and makes a smooth and fairly durable roadway. The rock is not as hard as would be desirable, but we have just arranged to have our roads, as they are completed, treated with a wearing surface or a good binder which we think will make them very much more durable and be economical in saving expense of maintenance.

"New Hanover county now has about 50 miles of improved rock roads and these roads extend to the county line in each direction.

"The county has just completed the erection of a modern draw bridge over the Northeast Cape Fear river between New Hanover and Pender counties. This draw bridge will be open to travel in about one month, and is capable of being used for the heaviest traffic, it being designed not only to accommodate ordinary vehicles but with the idea that there will soon be trolley cars to be carried over, connecting the trucking section of New Hanover and Pender counties with Wilmington.

"An election will be held on May 27th, on the question of issuing $100,000 additional bonds for permanent roads and bridges. If this election shall be favorable to the issuing of these bonds it is hoped by the present Board of County Commissioners that they will be able to build a good rock road through the southern portion of New Hanover county, extending to Carolina Beach and possibly as far as Fort Fisher. This will open up an undeveloped section of the county which will be available for trucking and fruit growing, and will also open up a long stretch of sea shore which will be useful as Summer resorts and accessible by vehicles without the necessity of bridge or treatle.

"The county has recently purchased a five-ton motor truck, to be used principally in transporting convict forces from the central camp to the points where they are working, and also for the purpose of hauling road material. The county also owns an automobile for the use of its road superintendent, which enables him to oversee road work and give proper supervision to the different gangs of laborers.

"During the next two years the question of consolidating the county roads department with the city of Wilmington streets department will be agitated. On account of the fact that Wilmington constitutes such a large part of New Hanover county, both in population and taxable values, there could be a very large saving effected if this work could be done through one department. There is now a considerable duplication in road machinery and supervision expenses, and the city is also unable to avail itself of the services of the convicts in their heavy work such as grading of streets.

"It is believed that if the proposed bond issue is made, during the next few years, New Hanover county will possess a system of good roads that will not be equalled in the State."

NEWPORT RIVER BRIDGE.

Demand That Railroad Widen Draw and Hearing Will be Given.

Maj. H. W. Stickle, Corps of Engineers, U. S. A., has issued the following public notice, which is self-explanatory:

"Interested parties having requested that the Norfolk Southern railway be required to widen the draw in their bridge over the Newport river, near Beaufort, N. C., a public hearing will be held at the Court House, Broad street, Beaufort, at 11 o'clock A. M., on Tuesday, May 13th, 1913; at which hearing interested parties are invited to appear and give reasons why such change should be required, or reasons against the requirement of having this draw made wider."

Bathing at the Beach.

In spite of the coolness of the breezes Sunday afternoon a number of people took a dip in the surf at Wrightsville Beach Sunday afternoon and declared they found it delightful, though to most people it appeared a bit too cold for essaying the surf. The Sunday crowds found much interest in the work going on at Lumina.

OLD AND STRONG

The PEOPLE'S SAVINGS BANK

Corner Front and Princess Streets.

Fire! Fire! Fire!

This alarm occasions no uneasiness to the wise ones depositing their valuables in our strong security vaults. Nothing to burn here—not an ounce of wood in our banking room.

If you want to know where the fire is, however, call, 'phone or write for one of the handy cards we have had printed, showing location of all alarm boxes, including the new ones recently installed.

The Wilmington Savings & Trust Co.

110 Princess Street.

—THE HONOR ROLL BANK—

FEAST OF PASSOVER BEGINS.

Solemn Church Event Began Yesterday at Sunset—One Week.

Beginning yesterday at sunset, the Hebrew Feast of the Passover will be celebrated for one week, in commemoration of the deliverance of the Jews from the Egyptians nearly 6,000 years ago. The week, while religious in nature, is also of a festive character, a season of rejoicing. It is the most important event in the year of the Jewish church, and is observed in the homes as well as in the synagogues. Services were held yesterday evening at 6 o'clock in the Temple of Israel by the Rabbi, Dr. S. Mendelsohn, and will be held again this morning at 11 o'clock. Last evening was "Sader" night, when the Hebrew family gathered around the table and heard the head of the house recount the flight of the Jews from Egypt and all the incidents, miraculous and otherwise, which featured it. Among strict, orthodox Jews this programme is carried out during the first and second evenings of the feast. During the entire week, leaven of every description is barred from the home, and only the unleavened bread is eaten, commemorating the bread of the first Passover, which formed the main article of diet for the fleeing people.

DEEDS FILED FOR RECORD

Only a Few Papers Left With Register of Deeds Yesterday

Very few deeds were filed for record yesterday in the office of the Register of Deeds. Those which were filed are as follows:

W. W. Koch and wife to W. B. Cooper, for $1,000 and other considerations, tract of land described as beginning on the west bank of the Northeast branch of the Cape Fear, at the point where the southern line of the right-of-way of the Wilmington Railway bridge intersects with the river, thence running south with the river 700 feet to the Hilton Ferry landing, the dimensions of the tract being 700x750 feet, giving 700 feet frontage on the river.

R. R. Williams and wife to Thos. K. Williams, for $10 and other considerations, lot on west side of 11th street, 132 feet north of Princess, 33x132 feet in size.

Eugene Pearson and Martha Pearson Spann to Chas. F. Scherer, for $450 and other considerations, lot on east side of Eighth street, 66 feet south of Swann, 33x183 feet in size.

Hannah Turner and others to J. M. Sloan and wife, for $10 and other considerations, lot on west side of Eighth street, 60 feet north of Nixon, 30x150 feet in size.

Not All "Fiction."

Catawba County News, Newton: "Mr. Green, it is believed, will be the man who finally lands the Wilmington plum. Certain other candidates for the postmastership, it is learned, will not be tolerated by the President.' These lines sent out from Washington do not seem to make it appear that it is all 'fiction' as to what Wilson will do in regard to Federal appointments. Mr. Green is a brother-in-law of our townsman, Dr. Geo. H. West, and is a man worthy of the position."

THE C. W. POLVOGT COMPANY

"The Store That's Always Busy"

NEW SALE SPECIALS

EVERY DEPARTMENT OFFERS EXTRA VALUES FOR THIS WEEK.

Every day finds the store that bargains built fairly teeming with hundreds of under-priced values for those who appreciate the importance of making their money do double duty.

LATEST FASHION NOTES.

The Sash plays an important part in the modes of the day.

Brown and Navy Blue is worn a good deal this season.

Sleeves are short or three-quarter; materials are rich and striking in color.

Skirts are still narrow, but over-draping gives apparent volume. The only tunic is Greek in line.

Smart tub-frocks are made of Linen and Pique.

The use of bright colors brings Ribbons into vogue.

Skirts have a Sash of Ribbon falling loosely away from the waist.

Among the loveliest Spring materials are Silks, Cotton Crepes, Voiles and Marquisettes.

Little girls' dresses are made of Nainsook, Dotted Swiss, Dimity, Cotton Crepes and Marquisettes.

The most important features of the new models is the girdle. It may be broad or narrow, folded, draped or smoothly fitted to the waist line.

Bright colored bodice tops and sleeves in sombre colored dresses are very smart. The more striking the Silk Pattern, the better.

'GOOD BYE, OLD HOOK AND EYE."

The Koh-i-noor Dress Fastener will start you singing with joy, 'Good-bye, Old Hook and Eye," as soon as you put it on your first dress. When the world's greatest dressmakers, Paquin, Redfern, Drecoll, Premillet, Laferriere, Rouff, Francis, Martial Et Armond, saw Koh-i-noor, they saw the point—that Koh-i-noors gave better fit and effect to the dress. They tried Koh-i-noors and have used them ever since. See them at Polvogts, per card 10c

KEEP YOUR SKIN YOUNG

Dr. Blair's Cucumber Cream is a great aid in beautifying and preserving one's skin. Sold at Polvogt's exclusively, in 25c, 50c and 75c jars. New shipment in.

FOR THE BRIDE.

Buy her a beautiful Red Cedar Chest to keep her Linens or Lingerie in. They save good clothes from moths and nothing would please a bride more.

Ours sell from $2.00 to $15.00.

LADIES' UNION SUITS.

Just received full line of ladies' Summer Union Suits. Low neck, sleeveless, at 50c, 65c, 85c and $1.00 a suit.

MESSALINES, LOW PRICED.

A most tempting offer in all the newest shades of Messaline Silks, including Coquelicot, American Beauty, Nell Rose, all the blues, amethyst, purple, gold, brown, red, emerald, etc. Introductory price 93c

Silk—the Queen of Fabrics and the Fabric of Queens—Silk

We are on the Fringe of the Greatest Silk Season yet known. Silk plays a most important part in Today's Fashions. Silk is the Favored Fabric, and no woman who goes forth to buy apparel doubts it.

THE C. W. POLVOGT COMPANY

SOCIAL & PERSONAL

Mrs. Walter Green, of Charleston, S. C., is the guest of Mrs. J. Walter Williamson.

* * *

Mrs. A. F. Williams, of Kenansville, N. C., is visiting her daughter, Mrs. H. H. Elliott.

*

Mr. Phillip C. Witte has returned to Buffalo, N. Y., after spending two weeks in the city with relatives.

* * *

Mrs. B. W. West, of Greensboro, is the guest of her sister, Mrs. H. H. Elliott.

* * *

Mrs. Nell D. Emerson, of Fayetteville, is spending a few weeks here as the guest of Mr. and Mrs. A. S. Williams.

* * *

Mrs. Wharton J. Green and Mrs. Cook, of Fayetteville, are visiting Mrs. Green's daughter, Mrs. Geo. B. Elliott, on South Third street.

* * *

Mr. and Mrs. C. A. Walker, of Asheville, with their small sons, Calvin and William Woodward, are the guests of Mrs. Walker's parents, Mr. and Mrs. W. E. Farmer.

* * *

Mrs. Samuel A. Mathews, who underwent an operation for appendicitis at Harper's Sanitarium a few days ago, is getting along very nicely, her many friends will be glad to learn.

* * *

Ex-Judge E. K. Bryan, who recently underwent an operation for appendicitis, is able to be up, many friends will be glad to learn. He expects to resume his professional duties within a few days.

* * *

Miss Madeleine DeRosset has gone to Atlanta, Ga., to spend ten days with her sister, Mrs. John B. Peschau. She will attend the week of grand opera, which is the leading musical event in the South every Spring.

* * *

Rev. Dr. W. J. McKay, after being the guest of his sister, Mrs. R. M. McIntire, left yesterday for Cheraw, S. C., where he will be with relatives, after which he will continue on to his home in Sumter.

* * *

Miss Madeleine Corbett entertained a number of friends at her father's Summer home on Wrightsville Beach at a week-end house party in honor of Miss Cullen, of Washington, D. C., who arrived Saturday morning to spend some time as her guest. The young people returned to the city yesterday.

* * *

Complimentary to Miss Isabel Smallbones, whose marriage to Mr. David Scott, is the social event of the week, Mr. and Mrs. J. Victor Grainger, Sr., charmingly entertained last evening at an informal reception at their residence on Market street. The wedding of Miss Smallbones and Mr. Scott will take place Wednesday evening at 8:30 o'clock at St. James' Episcopal church.

* * *

The Ladies' Foreign Missionary Society of the First Presbyterian church will hold exercises in the church parlors this afternoon at 4 o'clock in celebration of the 25th anniversary of the society. Two daughters of the society, Mrs. Geo. C. Worth, missionary to China, and Mrs. L. W. Curtis, former missionary to Siam, will be present this afternoon. The ladies of the congregation are cordially invited to be present.

* * *

Boston, Mass., April 21.—Miss Agnes Chasten, of Wilmington, who for some time past has been studying the pianoforte at the New England Conservatory of Music, Boston, is beginning to make public appearances at concerts and recitals given by the more advanced pupils of the oldest and largest American music school. At a recital in Jordan Hall, of the Conservatory building, last Friday afternoon (April 18) Miss Chasten performed D'Albert's Allemande and Gavotte for the pianoforte in a spirited and accomplished manner, which drew applause from a large audience of music students and their friends.

* * *

Atlanta Journal: "Mr. and Mrs. James O. Reilly, of Wilmington, N. C., entertained at an elaborate luncheon yesterday at the Georgian Terrace. Luncheon was served in the rose dining room. The table had a plateau of Killarney roses and valley lilies. All the details were carried out in the same rose shades. The guests were Misses Emma Williams, of Portsmouth; Alice Vandiver, Nina Gentry, Dr. and Mrs. J. A. Gentry, of Chattanooga; Mr. and Mrs. N. C. Watts, of Staunton, Va.; Mr. and Mrs. M. F. Carlin and Mr. and Mrs. W. T. Gentry. Last evening Mr. and Mrs. N. C. Watts gave a box party at the Grand for Mr. and Mrs. Reilly, inviting the same people to be their guests."

PERSONAL PARAGRAPHS.

—Col. Robert Stride, of Southport, was in the city yesterday.

—Mr. Albert H. March, of Augusta, Ga., the expert auditor and accountant, arrived here Sunday night to spend two weeks ore more on some auditing work.

—It was a pleasure for the many friends of Mr. James Kyle, cashier of the People's Bank of Goldsboro, to see him here yesterday. It is good to know that Mr. Kyle and the new bank at Goldsboro are succeeding remarkably well.

—Friends of Capt. W. A. Canady, foreman of the fire department station at Sixth and Castle streets, will regret to know that it was necessary yesterday for him to go to the James Walker Memorial Hospital for treatment. He hopes after a short time to be out and well again.

—Mr. F. M. Pittman, of the Safety Ink Co., which was recently granted a charter by the Secretary of State, left last night for Richmond and Manchester, Va., to place an order for bottles to be used by the manufactory which the company hopes to have in operation by June 1st.

—Arrivals at the Southern Hotel yesterday included R. P. Tatum and J. F. Tatum, Ruskin; W. C. Smith, Bennettsville; J. W. Burnett, Roanoke, Va.; L. F. Swain, Beaufort; W. J. Phillips, Chadbourn; E. F. Mallard, Faison; W. C. Corbett, Atkinson; H. M. Poe, Rocky Mount; W. F. Register, Fayetteville; M. L. White, Shallotte; C. C. Watts, Southport; A. C. Johnson, Florence; Fred Wilson, Maysville; W. M. Richardson, Greensboro.

—The County Board of Education met in postponed regular monthly session yesterday afternoon at 4 o'clock with J. O. Carr, Esq., the chairman, presiding. Only routine business was transacted.

"Mystery of the Stolen Child."
It is a great Vitagraph picture and should be seen to be appreciated. At the Grand with four others today.

ATLANTIC COAST LINE — Personal & other Items From General Offices Here

Miss Ollie Miles has accepted a position in the Auditor of Freight Receipts office.

Mrs. A. R. Petway, of the Comptroller's office, has returned from a visit in Charlotte.

Mr. Howard C. Moore, of the Auditor of Freight Receipts office, spent Sunday at his home in Burgaw.

Mr. George Cannon, of the Freight Claim Checking Bureau, has returned to work after a short illness.

Mr. P. L. Dawson, of the Statistical Bureau, left Saturday night for Richmond, where he spent the week-end with friends.

Mr. Vann B. Nicholls, of the Auditor of Freight Receipts office, spent Sunday in Richmond. Mr. Nicholls left last night for New York, where he has taken a position.

Mr. Lyle Sollee, of Columbia, S. C., a former employe of the Auditor of Freight Receipts office, is visiting friends in Wilmington. Mr. Sollee intends to locate here permanently.

Mr. T. P. Taylor, of the Freight Claim Bureau, is ill at his home on Seventh street.——Miss Katie Murphy, of the Freight Claim Department, has returned to work after a short illness.

Mr. K. W. Price left Saturday night on a business trip to Tampa ——Mr. W. S. Sanderson, of the Freight Checking Bureau, spent Sunday at his home in Rocky Pount.——Mr. Ashley Bowden, of the Treasurer's office, is still at his home at Wrightsville Sound.

Mr. W. A. Fonville, of the Revising Bureau, spent Sunday at his home in Goldsboro.——Mr. J. G. Swann, of the Statistical Bureau, visited friends in Burgaw Sunday.——Mr. D. W. Thomas, of the Auditor of Freight Receipts office, left Friday night with Mrs. Thomas, for a short visit in Norfolk.

Negotiations are pending with the Charlotte team of the Carolina Association League for a game with the Atlantic Coast Line on Saturday but as yet nothing definite has been heard from the management of the Charlotte team. Efforts are being made to secure this game and one with the Raleigh team of the same league.

The manager of the A. & M. baseball team wishes to express through these columns his appreciation of the hospitality and entertainment accorded the members of his team during their stay in Wilmington. Everything possible was done to make the visit of the collegians a pleasant one and without exception they voted the Wilmingtonians excellent hosts.

Mr. Leslie Hummel, of the General Manager's office, spent Sunday in Goldsboro.——Mr. V. C. Bordeau, of the Freight Checking Bureau, spent Sunday in Castle Haynes.——Mr. F. Cole has taken a position in the Auditor of Freight Receipts office.——Mr. E. T. Shubrick, of the Statistical Bureau, spent Sunday at his home in Rocky Mount.——Mr. T. Edward Bessellieu, of the Auditor of Disbursements office, has returned from a visit in Lumberton.

The many friends of Mr. Gene Orrell, of the Relief Department, will learn with regret that he underwent a serious operation and is now in the James Walker Memorial Hospital in a precarious condition. Mr. Orrell has been away from work for some months and it was thought that he would soon be able to fill his position again but unexpected developments made an operation necessary on Saturday. It was learned last night that he was resting comfortably and it is hoped by all that his improvement will continue.

Must Go to Farm.

Caleuonia Roderick, the white woman sentenced at the last term of Superior Court to two years on the county farm for keeping a disorderly house, judgment suspended upon condition that she leave the State, was arrested yesterday morning on Mercer avenue, East Wilmington, where she has been living and will be sent to the farm to begin her term. She was arrested by Deputy Sheriff Kelly. The woman was under the impression that if she got outside the city limits she would not be molested, but the officers' understanding of the judgment of the court was quite different from hers.

Will Organize Tonight

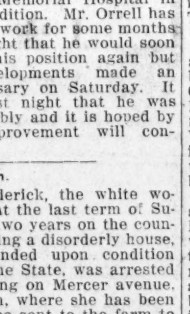
Representatives of the different Sunday schools of the city will meet tonight at 8 o'clock in the temporary office of the Y. M. C. A., No. 33 Odd Fellows Building, for the purpose of discussing plans for the formation of a Sunday School Baseball League. Secretary J. B. Huntington, of the Y. M. C. A., and others have the matter in charge. It is expected that a number of Sunday schools will become members of the league when it is formed.

Cottolene
makes delicious doughnuts

Cottolene makes delicious doughnuts—free from sogginess, grease and indigestion. The reason is that Cottolene contains vegetable oil—not animal fats—heats to a much higher degree than butter or lard, fries so quickly that it forms a crisp, dry crust over the dough and prevents the absorbing of the fat.

Cottolene is decidedly better than butter or lard for all shortening and frying. It is healthier, it is quicker, it is more economical.

Cottolene costs no more than lard; you use but two-thirds of a pound of Cottolene to do the work of a full pound of butter or lard.



Cottolene is never sold in bulk—always in air-tight tin pails, which protect it from dirt, dust and odors. It is always uniform and dependable.

THE N. K. FAIRBANK COMPANY

..Theatrical..

It will only be a matter of a few days now before the 1912-1913 theatrical season for Wilmington will be at an end. After Saturday there will only be recollections of the present season, and while there will be glorious memory of such notable successes, as "The Prince of Pilsen," "The Pink Lady," "The Woman," "Bought and Paid For," Eddie Foy and a number of other and brilliant New York productions, there will be no more delightful recollection than that which the engagement of "The Red Rose," booked for Saturday, matinee and night, at the Academy of Music, will create. This is one of the biggest and most brilliant of all New York musical comedies and it will make a glorious climax to the Wilmington theatrical season. To many, familiar with the stupendous nature of the attraction and with that noted and charming star, Zoe Barnett, who will be seen in the title role, it will seem like saving the best to the very last.

Manager Schloss personally guarantees this attraction and his guarantee is not only backed by the well-known success of the piece and the fact that it is being toured by a big New York manager, but by the press in the larger cities of the South, where the attraction has played. The papers of New Orleans, Jacksonville, Atlanta, Birmingham, Nashville, Memphis and Savannah have all teemed with praises of the superb show. From the Jacksonville, Fla., Metropolis comes the following:

"Zoe Barnett, as the Red Rose, pleased an enthusiastic audience at the Duval last evening. The costumes and scenic effects added zest to the work of the leading lady and her supporters in a great measure. There was not a dull moment from the time the curtain went up until the last drop. In fact, 'The Red Rose' is a musical comedy par excellent.

"The scene of 'The Red Rose' is laid in gay Paris. It is the case of an American art student falling in love with a beautiful artist's model and the antics of two rich American papas who are trying to form a rubber trust by the marriage of their children, the student who loves the model, and the daughter of the other who wants to take an English golf player home with her as a husband.

"The songs are all catchy and exceptionally well sung. The chorus is one of the best ever heard at the local play house. Miss Barnett handles her songs in excellent style and is an actress of great expression. Baron Le Blanc has discovered that his deceased wife has a large fortune coming to her and he is trying to find his long lost daughter to collect the money. Lola is introduced to him as his daughter and he plans to get the money through her to pay off his debts.

"In the last act Lola proves to be his real daughter and she wins and keeps the fortune to the discomforture of the baron. The art student's father consents to his marriage with the model and the American Rubber Trust magnates give up the idea of forming an alliance through the marriage of their children.

"Taken as a whole, the show is one of the best seen here for a number of months."

Seats for the Wilmington engagement will be on sale at Plummer's Thursday morning.

At the Grand Theatre.

Today the Grand Theatre will offer another new and exceptionally fine bill in the pictures, good music by the Grand Orchestra and a new song by Harry Harris. Mr. Harris will sing for his number, "Seems to Me the World is Singing Marguerite." This is a favorite with Mr. Harris and he will give a fine rendition of the number.

In the pictures there will be five swell subjects. "Rastus Loses His Elephant" is a big Pathe comedy that will keep the house in a roar of laughter from start to finish. On the same reel will be "The Death Head Moth" a study of the largest species of the butterfly family. This is an interesting educational subject and one that will prove highly interesting. There is also another big feature picture in "Mystery of the Stolen Child". The rascals are foiled and Lambert Chase solves the mystery of a stolen child. It is a pleasurable surprise. Then there will be two other pictures and the bill will be found especially interesting.

At the Bijou.

Today is going to be one of thrills at the Bijou, because three of the most massively dramatic will be offered as the star films today, and will strike fire from every heart. There will be other notable features, of course, and the people's favorite amusement spot will be just delightfully and healthfully comfortable.

The film subjects for today are headed by "The Pursuit of the Smugglers" and it is exciting from the very start, telling how a Secret Service man, disguised as a grocery clerk, penetrates the den of the smugglers, is captured, but manages, by means of a hand mirror, to flash heliograph messages to a revenue cutter. The pursuit of the smugglers' boat by the cutter is a thrilling piece of business and something exceptional. Still another thrillingly fascinating subject is presented in the Vitagraph's "The Transition". It tells of moonshiners and, naturally, is a blood stirrer. It has a happy ending, that is most wholesome.

"When Love Leads" is one of the most powerful of all dramatics, and is one of today's Bijou stars, being Lubin's latest. It tells a gripping story of a son of a rich man who marries against his father's will.

CARD OF THANKS.

Editor The Star:—I wish through your paper and Brother W. E. Yopp to thank the many known and unknown friends who have so kindly remembered me this evening with a handsome pole and reel. I will accept a note of warning, also received, and find out the kind of records and measures used by the "fishing club" before asking for admittance as a member. I would like to ask this question of the members: Can two persons belonging to the same club weigh and measure their own fish for the contest that is now on? Yours for a great catch,
C. T. ROGERS.

New Union Formed.

With about 50 members the Painters, Decorators and Paper Hangers' Union has been formed and will be affiliated with the local Trades Council. The officers are: President, Joe Capps; financial secretary, W. S. Beasley; recording secretary, J. H. Geigan.

Will Relieve Nervous Depression and Low Spirits
The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, arouses the liver, drives out Malaria and builds up the system. A sure Appetizer and aid to digestion. 50c.

Battle of Ballots Today Will Determine Candidates for Mayor and Councilmen in Municipal Election—Deep Interest

The primary to determine the candidates who will go before the people for Mayor and Councilmen in the municipal election May 5th will be held today, the polls opening at 8 A. M. and closing at sunset, or 6:48 P. M. Owing to the fact that the Australian ballot will be used and that there are 22 names on the ticket, four aspirants for Mayor and 18 for Councilmen, it will probably be 11 or 12 o'clock tonight before all the returns are in, but if tolerably fair progress is made in the count enough should be known by 10 o'clock to tell with some degree of accuracy the names of the aspirants who will be entitled to have their names placed on the election ticket in May.

Interest might well be said to have been at fever heat yesterday. The aspirants and friends of aspirants were busy all day and far into the night working for votes and laying plans for capturing others at the polls today. The weather man has promised ideal weather and with interest at a high pitch there is every reason to look for a heavy vote. The registration, as noted in Sunday's paper, is heavy, there being a total of 3,589 names on the books. Of this number 784 are new names and most of them were put on Friday and Saturday of last week, the closing days of the registration, indicating that the contest suddenly took on new life. A great many believe that the vote today will be considerably heavier than it was two years ago.

Apparently the four aspirants for Mayor have an even chance of a place on the ticket in the election. No one has yet been found who would venture to predict which two of the four aspirants would receive the highest number of votes today and, therefore, be entitled to have their names on the election ticket. A great many would venture far enough to say that their first choice would be one of the two, but they were not so certain when it came to an expression as to who would be their aspirant's contestant in the final show down. Indications last night were that the second choice would vary greatly. The four aspirants for Mayor are ex-Mayor Wm. E. Springer, Councilmen B. C. Moore and P. Q. Moore and ex-Alderman Martin O'Brien.

There are 18 aspirants for the five places on the Council. Each elector has the privilege of voting for two aspirants from each ward, ten in all. The ten receiving the highest number, two from each ward, will have their names on the ticket in the municipal election. The race between several of the aspirants for Councilmen will also be close, it is expected. The aspirants are:

First Ward—W. F. Jones, W. A. Sue, Robt. L. Weaver.
Second—E. H. Munson, T. W. Wood, M. Ed. Keathley.
Third—B. A. Merritt, Geo. E. Leftwich, S. Behrends.
Fourth—D. N. Chadwick, Jr., J. A. McNorton, J. Felton Head.
Fifth—C. C. Loughlin, C. H. Huband, W. W. King, I. T. Mintz, John W. West, T. L. Ruth.

Chairman John S. McEachern, of the City Board of Elections, held a meeting at the Court House last night with the registrars and pollholders at which the election officers received instructions as to the primary. The law requires that the returns shall be made to the City Board of Elections within six hours after the polls close. The Board of Elections will be at the Mayor's office at the City Hall to receive the returns. Mr. McEachern stated last night that he thought it would be about 12 o'clock before all the returns would be in.

The streets last night wore a rather deserted appearance and the assumption is that many of those who are usually to be found on the street at night were attending one of the several caucusses held by the candidates and their friends.

Married Sunday

Miss May Hicks, daughter of Mr. and Mrs. Chas. Hicks, and Mr. D. Balzer were married Sunday afternoon at the home of Mrs. John Blackwell, on South Second street, Justice G. W. Bornemann performing the ceremony. There were present a number of friends of the couple.

LOCAL DOTS.

—The registration books for the municipal election May 5th are now open. They will remain open until Saturday afternoon at 5 o'clock.

—Greensboro News: "Well, Mr. Godwin has the satisfaction of knowing that at least one of his recommendations has found favor with the President."

—The tug Columbia, Capt. Pendleton, which arrived Saturday night with the barge Linn in tow and which put to sea for the return voyage Sunday, was obliged to put back to Southport yesterday on account of head winds and heavy seas.

—Building permit has been issued to Mr. A. D. Wessell for the erection of a two-story dwelling on Fifth and Harnett strees, estimated cost $1,750. Permit for repairs has also been issued to Mr. Marshall Shrier, for dwelling on Third and Harnett streets, estimated cost $600.

—In view of the very stringent law against cigarette smoking by youths under 17 years of age, somebody called police headquarters yesterday and asked if a young man might smoke a pipe. Having no instructions to the contrary, an officer laughingly told the inquirer that a pipe is not barred by the law.

—At police headquarters are two packages of a dozen towels each, stolen from some merchant, it would seem, for the packages do not appear to have been opened. They are of the Turkish bath style. They were found at the shop of Robert Brown, a blind negro, on Eighth street, between Howard and Taylor streets.

EXPERIENCE OF TRAINED NURSE

Who Had Troubles of Her Own to Contend With, as Told by Mrs. Rutherford.

Charlestown, W. Va.—In an interesting letter from this place, Mrs. Calvin Rutherford writes as follows: "At one time I suffered terribly from womanly troubles. Some of my symptoms were hot flashes through the face, pains in my sides and back, headache, dizzy spells, and pain low down.

Since taking Cardui, the woman's tonic, I am well and enjoying good health, and I want to thank you kindly for your advice. It certainly has proven a blessing to me. Cardui has done what other medicines failed to do.

I am a trained nurse, and have just returned from a case where I recommended Cardui to a lady and she is now taking it."

In the face of such strong recommendation from users of Cardui—the ones who know best just what this preparation will do for weak, ailing women—no wonder we do not have to make extravagant claims for it.

All we can add to the above statement, is that Cardui is prepared from perfectly harmless vegetable ingredients, which act gently, yet directly on the womanly organs.

It is a strengthening tonic and helps to build up womanly strength.

It has helped thousands of women in the last 50 years. Why not you?

Your druggist sells it.

N. B.—Write to: Chattanooga Medicine Co.; Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

VICK'S Croup and Pneumonia SALVE

The New External Vapor Treatment

Tonight before you go to bed apply the New Treatment, Vick's Croup and Pneumonia Salve—well over chest and throat. (If you have a very bad cold first open the pores of the skin by applying hot wet towels.) Cover with hot flannel cloth. Leave the windows open to let in plenty of fresh air. Vick's is vaporized by the heat of the body—these antiseptic healing vapors are inhaled with each breath all night long. At the same time Vick's is absorbed through the skin, taking out the soreness. The next morning your head is clear, soreness relieved and cold gone, without having had to injure your stomach with drugs.

Three sizes, at all druggists—25c, 50c, $1.00. Sample on request. Vick Chemical Co., Greensboro, N. C.

Memories of the Old South in Every Can of French Market Coffee

The romance of the days of Andrew Jackson, of Henry Clay, of the picturesque pirate chief, Lafitte, and of the beautiful women and brave men of the old South, clings around every cup of delicious old French Market Coffee.

French Market Coffee

The French Market Coffee that you get from your grocer, in hermetically sealed packages, is identically the same historic French blend served in the old French Market in New Orleans.

Try it once and you'll agree there is only *one* real old French Market Coffee—only one coffee with a history.

Roasted by our unique hygienic process.

COTTON RALLIED ON COVERING

After Making New Low Ground, Buying for Reaction Gave Strength to Movement—Crop Advices from Southwest.

New York, April 21.—After making new low ground for the movement the cotton market rallied on covering, buying for a reaction, and moderate support from trade sources, with the close very steady at a net advance of from 4 to 6 points.

The market opened barely steady at a decline of 2 to 3 points under over-Sunday selling orders, liquidation and a renewal of bear pressure inspired by indifferent cables, good weather in the South and apprehensions of liquidation by the straddling long interest in the near months. Houses with Liverpool connections, however, seemed to be buying cotton in the local market, while there was also an active demand from old shorts and considerable buying of new crop deliveries by spot houses. This seemed sufficient to absorb early offerings and the market soon rallied 7 or 8 points from the lowest with July leading the advance and being apparently in praticularly good demand by Liverpool and New Orleans interests. With the close of Liverpool many of the buying orders were withdrawn, however, and the market eased off during the middle of the day under renewed pressure inspired by favorable weather forecasts and private wires reporting easy spots in New Orleans. This break carried old crop positions a shade under the opening figures, with both May and July contracts selling at 11.58, or 5 points net lower, while the new crop showed a net loss of from 1 to 3 points. Covering again checked the decline and the market rallied quite sharply from the lowest late in the day, closing within a point or two of the best. Late wires from Greenville reported a break in the levee at Glen Allen, Miss., and private wires earlier in the day reported a break just below Helena, Ark. The forecast for showers in Oklahoma and Texas was considered favorable. Advices from the Southwest indicate that cotton is coming up to good stands in the Southwest.

Spot cotton closed quiet; middling uplands, 12.15; do. gulf, 12.40; sales, 100 bales.

Cotton futures closed very steady.

STOCK MARKET IS STRONGER

Followed Several Hours of Aimless Trading—Courts Grant Further Time for Dissolution of Harriman Enterprises.

New York, April 21.—After several hours of aimless trading in which prices barely moved, the stock market became strong, ending the day with substantial advances for the leading issues. During the forepart of the session the market was unusually narrow, and trading dwindled to insignificant proportions.

The bidding up of stocks in the late hours of the day was accompanied by an increase of business, but the volume of trading was not large, and there was no indication of an urgent demand, such as might have been expected, had the upturn represented merely a successful drive at the short interest.

Trading seemed to be stimulated by the announcement that the courts had granted an extension of time for effecting dissolution of the Harriman properties. Government intervention in the railroad rate case now before the Supreme Court was taken to mean that final decision in these cases would be postponed indefinitely. Elimination of the rate cases and the Harriman merger tangle from the speculative situation as disturbing influences for some time to come encouraged bull traders, and in the rise of the afternoon operations for the long account were carried on more confidently. A noticeable feature was the scarcity of stocks; some issues rising sharply on comparatively small bidding.

There was some further selling of bonds today, but the general tone was better. New York city fours were traded in at around the recent low levels, one of these issues striking a new low point. Indefinite reports were heard of further financing soon to be attempted. Money market conditions were studied closely in view of the large requirements for new capital, which are pressing. Recent indications of a slowng down in some lines of business in the opinion of bankers may point to a lessening of requirement for funds in commercial channels with a consequent increase of available capital for imperative new financing.

Bonds were irregular. Total sales, par value, $2,010,000. United States bonds were unchanged on call. Total sales today, 223,000 shares.

IT IS YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Gives a Valuable Hint

Many people never suspect their kidneys. If suffering from a lame, weak and aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Read the experience of a resident of Wilmington who has tested Doan's.

Miss Mattie Hodges, 609 E. Fifth street, Wilmington, N. C., says: "I recommend Doan's Kidney Pills just as strongly today as I did some years ago when I publicly told of my experience with them. Doan's Kidney Pills were procured from Bellamy's Drug Store and they gave me more relief from kidney trouble than any other medicine I had ever taken. I have since been well and my kidneys and back have not troubled me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ELECTION NOTICE.

FOR BONDS FOR ROADS and BRIDGES

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina, passed at its 1913 session, entitled "An Act to empower the Board of Commissioners of New Hanover County to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover County on Tuesday, May 27th, 1913, between the hours of sunrise and sunset, to determine whether New Hanover County, North Carolina, shall issue $100,000.00 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said County.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

All qualified electors who favor the issue of said bonds shall vote for "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

For the purpose of this election, as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of Election in the said several townships, precincts and wards.

Cape Fear Township—Polling place, Ritter's blacksmith shop, Castle Hayne road; Registrar, W. H. Shearin; Judges of Election, W. S. Cooper and C. E. Kerr.

Harnett Township—Delgado, Barber shop, Delgado Mills; Registrar, M. E. Graham; Judges of Election, W. G. James and H. C. Blake.

Harnett Township — Seven-Mile Post; Polling place, Township house; Registrar, George T. Shepard; Judges of Election, Gerrit Walker and C. H. Alexander.

Harnett Township — Sea Gate; Polling place, Rogers' store, Sea Gate station; Registrar, Rev. A. C. Chafin; Judges of Election, G. W. Westbrook and Z. A. Sneeden.

Masonboro Township—Polling place, Piner's store, Whiskey Creek; Registrar, John W. Hollis; Judges of Election, C. W. Bishop and J. A. Hines.

Federal Point Township—Polling place, T. J. Burnett's farm; Registrar, T. J. Burnett; Judges of Election, John A. Biddle and H. B. Williams.

Wilmington Township—First ward, Precinct No. 1—Polling place, Barding store, No. 818 No. 4th st.; Registrar, W. H. Bardin; Judges of Election, W. H. Cox and W. McD. Evans.

Wilmington Township—First ward, Precinct No. 2—Polling place, Engine house, 4th and Campbell sts.; Registrar, George W. Branch; Judges of Election, W. H. Howe and William Sheehan, Sr.

Wilmington Township — Second ward—polling place, Court house; Registrar, C. H. Ward; Judges of Election, T. E. Sprunt and W. J. Meredith.

Wilmington Township — Third ward — Polling place, Gibelm Lodge, 8th and Princess; Registrar, A. G. Hankins; Judges of Election, Brooke French and John Hall.

Wilmington Township — Fourth ward — Polling place, Oldham's old store, Dock, between Front and Second streets; Registrar, W. P. Oldham; Judges of Election, W. P. Emerson and J. M. Stevenson.

Wilmington Township—Fifth ward, Precinct No. 1—Polling place, Market house, 5th and Castle sts.; Registrar, D. S. Reville; Judges of Election, J. J. Louglin and H. K. Nash.

Wilmington Township—Fifth ward, Precinct No. 2—Polling place, Engine house, 6th and Castle sts.; Registrar, John W. Gafford; Judges of Election, W. M. Creasy and D. J. Fergus.

The Registration books of each Township, precinct and ward will be kept open for registration of electors for twenty days preceding the day for closing the registration books, as hereinafter provided, Sundays excepted, between the hours of nine o'clock A. M. and sunset on each day, beginning April 24th, 1913; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit, May 17th, 1913; and on Saturday, the 26th day of April, 1913, and on the 3rd day of May, 1913, and on the 10th day of May, 1913, and on the 17th day of May, 1913, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective townships, precincts and wards for the registration of electors.

The registrars will attend the polling places of their respective townships, precincts and wards with the registration books on the Saturday preceding the election, to-wit, May 24th, 1913, from the hour of nine o'clock A. M. till the hour of three o'clock P. M., when and where the said books will be open for the inspection of the electors of said townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 19th day of April, 1913, by order of the Board of Commissioners of New Hanover County.

M. S. WILLARD, Chairman.
Attest: JOHN HAAR Clerk.

"Clincher" Paint

We know a paint which holds to the wood like a driven nail. Seasoned lumber is porous. The pores are the empty sap-cells. White lead paint, which dries on the wood in the form of a solid, elastic film, fastens into these pores, and the whole coat of paint is actually riveted like armor-plate to the surface it decorates and protects.

Lewis White Lead
(Dutch Boy Trade Mark.)
and Pure Linseed Oil

make the paint that spreads into a solid body. It becomes a part of the wood itself—an outer layer that preserves the life of the lumber.

The following dealers sell it as well as other painting requisites.

N. Jacobi Hardware Co.
M. W. Divine & Co.

Drop in and have a talk with them about painting.

NATIONAL LEAD COMPANY

"Pittsburgh Perfect"

The Adaptable Fence **For Poultry and Garden Use**

Among the 145 styles and sizes of "Pittsburgh Perfect" Fence shown in our new catalogue, the fence user can now obtain fencing *perfectly suited* to his *particular* requirements. "Pittsburgh Perfect" is the most adaptable, portable, durable and resultful of all wire fences, and gives absolute satisfaction because, coupled with our ripened manufacturing experience, it is the culmination of close and exhaustive study and investigation of farmers' needs along lines of up-to-date poultry and agricultural methods and equipment.

Open Hearth Wire like old time iron wire is used exclusively in "Pittsburgh Perfect" Fence and is heavily galvanized with pure zinc. All line and stay wires are

ELECTRICALLY WELDED

at every contact point, which makes it unequaled for toughness, strength and economy in weight and price.

Every Rod Guaranteed Perfect.

THE NEW CATALOGUE contains valuable information about wire fencing, and illustrates styles and sizes adapted to every FIELD, FARM, RANCH, LAWN and POULTRY purpose.

SITUATION ACUTE WITH JAPANESE

(Continued from Page One.)

tional feeling and hide their real purpose.

Those newspapers which caused the war talk among the "hot heads" are now advocating a more dignified and conservative attitude and expressing the hope that the citizens of California will spare Japan indignity and the United State embarrassment.

Plans More in Detail.

Sacramento, Cal., April 21.—Two new bills dealing with the question of land ownership by aliens in California, each representing the view of a considerable faction in the Legislature, will be offered, and it is expected voted on by the Senate this week.

Through an agreement reached by leaders of the majority party, a drastic law directed solely against the Japanese and Chinese will be prepared as a substitute for the Thompson-Birdsall measure and probably will be passed. If not, an end will have to come to the anti-alien land legislation at this session, floor leaders declare. It now is planned to throw out entirely the guarded language of the Thompson-Birdsall bill and put in its place two simple prohibitions: "No alien who is ineligible to citizenship shall be permitted to acquire and hold land in California for a period of more than one year after date of such acquisition.

"No corporation, the majority of stock of which is held by aliens who are ineligible to citizenship, shall be permitted to acquire and hold land except for one year."

Agreed on this procedure are Senator A. E. Boynton, president pro tempore and floor leader of the House, Senator Lee C. Gates, chairman of the Judiciary Committee; Senator R. W. Thompson, chairman of the Committee on Revenue and Taxation, and others. They will be opposed by several of the Democratic leaders who expressed themselves on the floor of the Senate this afternoon as standing against the use of the words "ineligible to citizenship", in describing the aliens whom it is sought to restrict.

The plan is in direct opposition to the suggestions contained in the telegram received by Governor Johnson from Secretary Bryan of the State Department last week and the Democrats have decided to offer a bill which will confine the restrictions to aliens who have not declared their intention to become citizens according to law.

In effect, the Progressive Republicans now are proposing substantially the original Democratic bill, while the Democrats are tending towards the original administration bill.

The Birdsall bill, which in its present form permits corporations composed of aliens eligible to citizenship to own land, was called up by its author today for amendment. Senator Caminetti, the Democratic leader, wished to amend it to give the previlege only to corporations composed of aliens who had declared their intention to become citizens.

"What is the purpose of anti-alien land bill?" asked Senator Boynton.

"To keep out people we don't want here, particularly the Japanese," replied Caminetti.

"Then why not say so in the bill you propose here?"

"Because the experience of this State with Chinese exclusion showed that laws directed against a particular nationality would not be upheld in the Supreme Court," said Caminetti.

"On the assumption that you intend to keep out the Japanese," asked Boynton, "why do you not say so by using the words 'ineligible to citizenship?' Would that be thrown out by the Supreme Court?"

On a question of procedure Caminetti was not permitted to offer his amendment at once, but will be given an opportunity on Wednesday, when majority leaders will offer their substitute bill and the question probably will be threshed out.

POPE IMPROVING.

Every Night Removes Danger of Bronchial Trouble—Pilgirms.

Rome, April 21.—Every night the Pope's cough and expectoration became very troublesome and still cause him pains in the chest and back. He finds relief in hot, soothing drinks and in poultices covering the whole chest.

Some improvement, however, is observable every night in the pontiff's condition, and the period in which the bronchial affection takes on an acute form becomes of shorter duration each evening. Thus His Holiness is beginning to go to sleep earlier and enjoys longer and more strengthening rest.

During the gravity of his illness Drs. Marchiafava and Amici concealed from the Pope his real condition, fearing greater depression if he knew the actual state of his health, but now they gradually are informing the patient of their past anxieties, wishing to impress upon him the necessity of taking extreme care and a long rest. When the pontiff heard that an American pilgrimage conducted by the Rt. Rev. Joseph Schrembs, bishop of Toledo, would arrive in Rome Tuesday, he expressed the hope that he would be able to see the "dear children who have come from so far away and who have crossed the ocean."

The vatican doctors and attendants told the Pope it would be an impossibility for him to go through the fatiguing ceremony of an audience. His Holiness still insisted saying he had a special love for Americans, but finally he appeared to become resigned to the advice of doctors.

It has been decided that the American pilgrims shall be received by Cardinal Merry Del Val, the Papal Secretary of State.

The presentation will be made by Mgr. Thomas F. Kennedy, rector of the American college at Rome.

STRIKERS MARK TIME

Some Compromise Looked for in Belgium Situation—Reports

Brussels, April 21.—While upwards of 500,000 men are on strike throughout the country, according to the estimates of the Socialists, both sides seem to be marking time in anticipation of the debate in the Chamber of Deputies tomorrow on the motion of the Liberal leader, M. Masson, looking to a compromise on the suffrage question.

The cabinet met this afternoon to consider this subject, but nothing as to the result of the deliberations was given to the public. The retail merchants' associations of Belgium with a membership of 120,000 small traders have sent an appeal to all the deputies in favor of a solution insuring permanent peace. The savings bank officials report there has been no more withdrawals than usual which is considered as indicating that the strikers have not yet begun to use their savings, and will be able to make a long fight.

Antwerp, April 21.—The strikers here were reinforced today by about 4,000 men, bringing the total number up to 25,000 men. This was due to the adhesion of the diamond workers and the shutting down of several minor industries. Several hundred diamond workers with bands and banners paraded the streets in an orderly manner.

More ships arrived here today than on Saturday owing to notification having been sent out by the steamship companies that no trouble had occurred and that they could procure the services of a sufficient number of dockers to load and unload the vessels.

A big firm engaged in building automobile bodies has notified all its employes that those who join the strike will be instantly dismissed.

Bruges, Belgium, April 21.—The dockers struck here today. Two freight steamers were unable to unload and were obliged to proceed to Ostend.

A RAILROAD WANTED.

Harker's Island Asks Outlet—Kinston News of Interest.

(Special Star Correspondence.)

Kinston, N. C., April 21.—The citizens of Harker's Island, in Core sound, want a railroad. Leading men of the island are watching the project to build a road from Beaufort across the sound to Cape Lookout with no little interest, and if it is constructed Harker's Island will seek to have it come its way in all probability. The island is claimed to be one of the choicest spots in the sound country of East Carolina. It is six miles in length and has a population of 1,000. A good roadbed can be had, and the residents offer a free right-of-way. The only method of transportation the islanders have is by boat, and the considerable amount of produce they offer in the markets has to be shipped in this manner. Located between the terminus and the mainland on a line of railroad, Harker's Island, with its thousand souls, has hopes of becoming a community of considerable importance in East Carolina.

Forest fires proved a helpful factor in saving the strawberry crop in the Calypso section of Duplin county during the past two weeks, when the truckers in other sections suffered a loss of from 10 to 40 per cent. of their crops by frost. The damage in the vicinity of Calypso was trifling, due principally to the smoke from burning woods being blown over the fields and preventing a heavy fall of frost. While its value to the berry growers was incalculable, the damage to the timber by the fire is reported as inconsiderable, very little except scrub being kindled.

Rev. J. J. D. Hall, in charge of the Galilee Mission in Philadelphia, probably the most famous mission of the Episcopalians in this country, is the guest of his former seminary mate, Rev. J. H. Griffith, rector of St. Mary's church here. Rev. Mr. Hall preached in St. Mary's yesterday to a large congregation.

AGAINST STOCK EXCHANGES.

Arizona Senator Would Prevent "Dabbling" by Certain People.

Washington, April 21.—Senator Ashurst, of Arizona, introduced a bill today to regulate stock exchanges by refusing the use of the mails to brokers who violate its provisions and make wash or fictitious sales, sales on margin without delivery, or carry speculative accounts or accounts of employes of banks, trust or insurance companies without the consent of the companies. Persons who deposit or cause to be carried in the mails literature of brokers violating the bill would be liable for fines of $1,000 or imprisonment for the first offense and to five years imprisonment for any subsequent offense.

Senator Ashurst attempted to speak on his bill during the Senate's "morning hour", but objection was raised and it was three hours later when he was given an opportunity to be heard. He declared when he got the floor that although Senators might not be interested in his bill, millions of people throughout the country would be.

WILSON APPOINTMENTS.

Republicans May Attempt to Block Some in Senate.

Washington, April 21.—Republican Senators succeeded today in temporarily delaying action on many of President Wilson's appointments. At a short executive session of the Senate it was agreed that all appointments to which objection was passed should be passed over without action until the next session. The Republicans objected to practically all civil appointees except leading diplomatic and State Department nominations.

GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time.

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss JESSIE MARSH, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

LYNCHBURG NEWS BURNED

Plant of Virginia Afternoon and Morning Paper Destroyed

Lynchburg, Va., April 21.—The Lynchburg News building, the home of The News and also the Lynchburg Advance, was destroyed by fire of unknown origin today with a loss of $80,000. Insurance amounted to $70,000. An adjoining building was damaged $40,000 with insurance of $30,000. The News and Advance are owned by Representative Carter Glass.
